

11 KILLED, 101 INJURED AS SUBWAY TRAIN DERAILS UNDER TIMES SQUARE, NEW YORK, DURING RUSH HOUR

Author of 18th Amendment Supports Smith

SHEPPARD, TEXAS, STATES NOMINEE TO ENFORCE LAWS

"Daddy of Prohibition" To Back Party's Leader in November Despite Stand in Wet Issue.

SPEECH PRAISED BY CONGRESSMAN

Governor's 'Grasp' Lauded; Honesty Held Greatest Essential and Proof of Rigid Enforcement.

Texarkana, Texas, August 24.—(AP)—Senator Morris Sheppard, author of the eighteenth amendment and known as the "daddy of prohibition," reaffirmed his belief in prohibition, but declared he would support Governor Smith, in a statement issued at his home here today commenting on the nominee's acceptance speech.

"Outside of his recommendations for changes in our prohibition enactments and his comments thereon, I regard Governor Smith's acceptance speech as a convincing and able deliverance," the statement said.

Real Enforcement.
"That he will give us effective enforcement of prohibition as long as it is the law no one can justly doubt after noting his declaration in that respect. I oppose the changes he has suggested in the case of prohibition, but I shall not permit my devotion to that great reform to blind me to the fact that other questions are calling imperatively for solution."

In reviewing other topics discussed by the governor, Senator Sheppard said that the nominee's interpretation of the issues states the vital needs of the country, and that he had shown a thorough appreciation of democratic philosophy, a philosophy based on "the inherent worth of the people."

Vigorous Grasp.
"Governor Smith's vigorous grasp of essentials and remarkable human sympathy make him qualified to interpret such subjects as economy and honesty in public administration," the senator said.

The statement closed with a personal appraisal of the candidate by the dry leader, who said that "his fearlessness and honesty cannot be questioned." "Our republic is doomed, and with it prohibition and every other beneficent measure, if the democratic principles are not restored," he said.

NAME TATOOED ON BODY IS CLUE IN OCEAN DEATH

West Palm Beach, Fla., August 24.—(United News.)—The dimly tattooed name Robert Damour, found on the flesh of a corpse washed ashore in a roughly boarded coffin yesterday, stood tonight as the single clue that might lead to identity of the body.

The gruesome find, it was revealed at a coroner's inquest today had been tied to the box with a heavy black rope, binding the legs, neck and arms. It was impossible to tell whether the man had met a violent death, however. There was some indication he had been a sailor.

The body had been in the water more than a month. Probably the coffin containing it had been washed up from some Atlantic depth as a result of the recent tropical storms. The body was buried in Potters field.

HALF-CLAD BODY OF GIRL IS FOUND; MURDER HINTED

Elkhorn, Wis., August 24.—(AP)—The body of a girl believed to have been slain was found today by highway employees stuffed into a casket three miles south of Elkhorn.

The girl was between 18 and 22 years old and apparently had been dead from one to three hours. A cursory examination revealed that three ribs were so badly broken that they had penetrated the lungs and that the head was cut and bruised until a postmortem is performed the cause of death will not be known. The body was unclothed except for a silk skirt, but was wrapped in a sheet and blanket.

Tilden Convicted Of Violating Rules At Tennis Hearing

FIRST BYRD SHIP WILL SAIL TODAY

City of New York Leaves Gotham for New Zealand To Join Other Vessels; Greason Not Aboard.

New York, August 24.—(AP)—Tomorrow's "the day" for Commander Richard E. Byrd.

Three years of planning and preparation for his adventure on frigid Antarctica, the vast, inhospitable south polar continent, come virtually to an end at noon when the little barque, City of New York, formerly the Samson, sails out of New York harbor bearing supplies and the first detachment of the men who are to make the Ross sea ice barrier their home for the next two years.

Bound for New Zealand.
The craft's destination will be Dunedin, New Zealand, 9,200 miles away. There she will be joined by the freighter Chelsea and the whaler Larsen, which are to convey the rest of the personnel and equipment from the United States to the land "down under."

The Chelsea sails September 1, while the Larsen heads south about the middle of next month.

Commander Byrd, who plans to land the Larsen in San Pedro, Calif., October 15, made his final inspection of the City of New York late today, finding his 516-ton boat loaded with food, scientific equipment, clothing and other supplies, ready for the work to cast off.

32 Men Aboard.
Aboard her were the skipper, Captain Frederick C. Melville, of Lynn, Mass., and the 31 men of the first of the total of 70 to bid the United States goodbye.

Forty of the commander's close friends, including several who have contributed to the million-dollar venture, will accompany him as quarantine on the boat, returning to New York on the city tug Macom. Commander Byrd and Mrs. Byrd will be among those to make the trip down the bay.

Captain Melville hopes to reach Dunedin in about two months. When the expedition is to a scientific summer and perhaps permit an immediate attempt to reach the south pole by plane.

Although Commander Byrd frankly admits that he would like to be the first to carry the American flag to the south pole just as he was the first to fly it to the north pole, he has emphasized that the primary purpose of the expedition is to gain scientific knowledge of the world's southernmost continent. Only parts of the coast and fragments of the interior of this huge land, more than 5,000,000 square miles in area, are known, and Byrd claims that with the aid of the airplanes and dog sledges his five scientific teams will be able to map new sections and divulge some of Antarctica's geological, meteorological, oceanographic and geographical secrets.

Sidney Greason, Atlanta, steward in charge of purchasing supplies for the expedition, will not be aboard the City.

'It' Girl Contest Opened By Constitution-Publix

STAGE CONTRACT FOR LUCKY LOCAL GIRL

BY ELMO HAMBY.
In search for Atlanta's "It" girl! That's the quest of The Constitution now in the annual Publix theaters opportunity contest. The search will end when some extremely fortunate Atlanta miss is selected as the city's most outstanding exponent of personality.

A personality singer she must be—you know, those cute blues songsters who, in addition to possessing a voice of that much desired commodity of Madame Glyn's have an appealing little voice that "puts over" a song in first-rate fashion.

So pep, personality, cuteness and voice are the requirements, and hundreds of Atlanta girls are eligible. Each year The Constitution, in cooperation with the Howard theater, has held an opportunity contest for local talent, and each year Atlanta has sent some gifted representative into the theatrical world to make her name a byword in electric.

This year a contract for four weeks at the Howard theater at \$75 per week is the prize and this period is but a toward Pago-Pago, which she expected to reach about 6 p. m.

FRENCH AIRMEN START FOR U. S.; RETURN TO PARIS

Monoplane France Jumps at Dawn But Lands at Le Bourget; Other Fliers Planning Flight.

Le Bourget, France, August 25.—(Saturday.)—The monoplane America failed in an attempt to make a non-stop flight to America early today when it returned to the field here a few minutes after taking off at 6:07 o'clock.

New York was the destination of the fliers.

Captain Louis Coudouret, pilot, dropped most of the plane's supply of gasoline, overboard when the plane failed to gain sufficient height after the take-off. Even then he was barely able to gain enough altitude to maneuver back to the field. It landed at 6:20 a. m.

Three in Plane.
In the plane were Captain Coudouret, Count Louis De Mailly-Neale, relief pilot and world war ace, and Captain Louis Mailleux, navigator.

After landing it was announced that a new start would be made as soon as the plane was refueled, if weather conditions continued favorable.

Besides Captain Coudouret, Captain Dieudonne Costes and Bert Acosta hope to pilot planes from Europe to America within the next few days.

It was believed that Coudouret's projected flight would speed plans of Costes and Charles A. Levine, Acosta's passenger and backer, Mabel Boll, the "Queen of Diamonds," who has met failure in starting trans-Atlantic hops, was at Croydon airport today awaiting the arrival of Levine and Acosta from Amsterdam.

Levine Due Soon.
Officials at the airport said they expected Levine's plane to arrive about 11:30 a. m. Saturday. Stores of gasoline are awaiting at the field and it was believed the Americans would attempt a quick getaway.

Sergeants Assolant and Lefebvre, French military pilots, had expected to fly at dawn, but announced last night that they would not start before the beginning of next week. Captain Arrachart, noted French long-distance flier, and Major Rignot brought their plane to Le Bourget today, but later returned to the airport at Villa Comblay to await better weather conditions.

They said they would then attempt to make a record for a long distance flight in a straight line across eastern Europe.

ELECTRICAL STORM STARTS 13 NEW FIRES IN FOREST

Lewiston, Idaho, August 24.—(AP)—While weary government fire fighters rested after checking the Johnson and Doris creek fires in the Clearwater National forest, a severe electrical storm broke out yesterday and a lookout reported 13 new fires had been started.

The two big fires, which burned several days, covered 10,800 acres.

BRITAIN TO DEPORT AMERICAN WHO ASSAULTED WIFE

London, August 24.—(AP)—Glenn Franklin Stewart will be deported to the United States on the basis of a conviction in police court today of assaulting his wife, Renee, striking her in the eye. Mrs. Stewart is an English woman and the couple were only married this summer. He told the court he would not take her to the United States.

BRITISH VESSEL, AFIRE ON PACIFIC, APPEALS FOR AID

Pago-Pago, Samoa, August 24.—(AP)—Radio distress signals received here today said the Port Napier, 8,500-ton British steamer, was on fire 75 miles south of this port.

With the fire gaining, the Port Napier was proceeding 13 knots an hour toward Pago-Pago, which she expected to reach about 6 p. m.

Greater Rockford Fliers Fail To Keep 'Date' Over Radio

PARIS IS READY FOR PACT SIGNING

Envoys of 15 Nations in Paris for Meet; Kellogg Pays Official Visit to Minister Briand.

Paris, August 24.—(AP)—Plenipotentiaries representing 15 nations were gathering here tonight to enter a written undertaking on behalf of their government; that is, among themselves. They will renounce war as an instrument of national policy. When this formality is completed, the pact will open for the adherents of 47 other nations.

The signing of the original 15 will bring together the greatest diplomatic gathering in Paris since the consummation of the Peace Treaty of 1919. All the Paris newspapers bring out the analogy between the arrivals of "two great American citizens, Wilson and Kellogg, bent on the mission of establishing peace on earth."

Acts of Courtesy.
As the statesmen are here to sign a pact that has already been negotiated, their meetings and conversations will be more acts of courtesy and of diplomatically taking one another's measure, than anything else.

Secretary Kellogg and Foreign Minister Briand met for the first time at the first official duty to call at the French foreign office and he talked there with M. Briand for three-quarters of an hour. Myron T. Herrick, United States ambassador, and George A. Gordon, first secretary of the United States embassy, accompanied the head of their department.

Visits American Embassy.
At the American embassy, where Secretary Kellogg went immediately after his arrival this morning, he received a number of callers. Among them were Hugh R. Wilson, minister to Switzerland; Hugh G. Wallace, former ambassador to France, and Mrs. Wallace.

Maurice Bataillon, proprietor of the Paris Matin and a warm friend of America, and Stephane Lauzanne, editor of the paper, also called on Secretary Kellogg.

The secretary found time to drive out to the American hospital to ask for J. Theodore Marriner, chief of the western European division of the state department. Mr. Marriner had assisted in making arrangements for the notable signing ceremony here next Monday but on Wednesday was taken ill with pleurisy. Physicians told Secretary Kellogg that their patient was improving but they suggested that it would be wiser not to visit him.

OTIS KIMBRELL IS FOUND BY SIDE OF MASON-TURNER ROAD WITH SKULL BADLY FRACTURED.

The source of his injuries still a mystery late Friday night Otis Kimbrell, 22, of Austell, was at Grady hospital near death with a badly fractured skull. Found by the side of the Mason-Turner road, near the end of the street car line, the victim was brought to the hospital by a passing motorist about 1 o'clock in the afternoon. At a late hour at night he had never recovered consciousness enough to tell of the way in which he received his injuries.

Several hours after the victim was brought to the hospital, S. B. Kimbrell, of Austell, appeared at the hospital and identified the injured man as his son. He was at a complete loss to explain his injuries but expressed the belief that his son had met with an accident.

The father stated that the young man left Austell on Wednesday in a small, horse-drawn cart, laden with vegetables to be sold in Atlanta, in

Deadly Fumigating Gas Kills Seven Stowaways

ACID SPREADS DEATH IN HOLD OF VESSEL

Baltimore, August 24.—(AP)—Sixteen Brazilians, stowaways in the hold of an American steamship, Steel Inventor, were trapped under battened hatches in deadly fumes of hydrocyanic acid used to fumigate the ship at quarantine here today.

Seven died, two more were in the hospital tonight in serious conditions and seven others were in custody of immigration officials investigating the effort to smuggle the men to this country.

Two climbed a rope that somebody

Despite Promise To Send Messages at 9 P. M., No Word Is Received in U. S. From Lost Plane.

OFFICIALS DOUBT MESSAGES TRUE

Difference in Wave of S O S and Inability of Cramer To Send Will Cause Doubt in U. S.

Washington, August 24.—(AP)—The coast guard cutter Marion radioed headquarters here tonight that she had abandoned the search for the missing plane, Greater Rockford, because of lack of definite information that the plane had been seen in the waters near Fiskernes, Greenland.

The message from the Marion's commander, Lieutenant Commander E. H. Smith, read:

"Discontinued search for Hassell in lieu of authentic reports of his being sighted near Fiskernes, Greenland."

New York, August 24.—(United News.)—Another day—filled with unconfirmed reports and strange messages—has failed to bring any further word from Bert Hassell and Parker Cramer, who reached the coast of Greenland on a flight from Rockford, Ill., to Stockholm, Sweden.

The last word was a radio message purporting to come from the fliers

WILD OUTBURST OF BUYING SENDS STOCKS SOARING

Lid of Market Blown Off as Bulls Shoot Prices of Favorites to New High Levels.

New York, August 24.—(AP)—Speculators for the advance blew the lid from today's stock market and prices advanced \$2 to \$16.50 a share in the wildest orgy of buying since the long string of 3,000,000 and 4,000,000 share markets last spring.

Nearly two-score issues, including such popular shares as American Can, American Smelting, Chrysler, International Nickel, Montgomery Ward, National Cash Register, Sears-Roebuck and Union Carbide, established new high records for the year, or longer. The average of 20 leading industrial shares compiled by the Associated Press was lifted nearly 3 points to a new high for all time.

An unexpected drop of nearly \$23, 000,000 in federal reserve brokers' loans released a flood of buying orders which had been held in check for several months by high money rates.

Many investors took advantage of the recent credit stringency and the 7 per cent call money rate, placed enormous buying orders and succeeded in obtaining a large public following. Waves of profit-taking swept through the market at intervals, but these were easily absorbed and final quotations were around the highest of the day.

Montgomery Ward was the spectacular individual feature, soaring 17 points to 219 1/2, in contrast to a low of 169 earlier in the year, and a price of 24 1/2 less than year ago.

Wright Aeronautical 10 3/8 and Air Reduction, Allied Chemical, General Motors, Atlantic Refining, Case Threshing, Houston Oil and Sears-Roebuck were among the long list of issues to advance.

Several Explanations.
Wall street had several explanations for the drop in loans in the face of a rising stock market during the past week. The dissolution of several bond syndicates, which had borrowed heavily on uncollateralized notes and then liquidated their commitments, probably was the chief reason. Outright purchase of securities for cash was another. Buying for the account of pools, which had previously arranged to borrow from banks next week, making another upward flurry in call money rates likely.

CROWDED COACH JUMPS SWITCH BENEATH STREET

Thousands Jam Scene as Police Frantically Check Traffic and Call for Doctors and Nurses.

RESCUERS WORK TO SAVE VICTIMS

Ambulances Rush Scores to Hospitals; Fire Trucks Called as Blaze Starts in Overturned Car.

New York, August 24.—(AP)—At the height of New York's busiest hour when underground arteries of the city carry hundreds of thousands of people homeward, a ten-car express train in the West Side subway split a switch shortly after 5 o'clock this afternoon, killing 11 persons and injuring 101.

Leaving Times Square, where the New York's underground traffic, the train had just gained momentum on its journey to Brooklyn when the crash occurred that threw the thousands pouring into the station into an uproar, brought every available policeman and fireman in the section to emergency duty, and called out every ambulance in the city.

Police Block Streets.
For blocks around Times Square emergency lines were thrown up by the police to hold back the throngs heading homeward. Ambulances clanged through the crowds, policemen fought to control the surging mobs seeking friends and attempting to aid in bringing out the dead and injured.

Inside the station the scene was almost indescribable in semi-darkness and choking smoke. Firemen, policemen and doctors tore through the wreckage, at first following the groans of the injured, then boring under crushed steel and torn cement for the bodies of the dead.

After inspecting the wreckage Police Commissioner Joseph A. Warren said the accident was caused by a defective switch.

He explained that the wrecked train had been held up in Times Square station five minutes for repairs to the switch which later caused the accident.

Picking Up Speed.
After the repairs, which were thought to have put the switch in working condition, the motorman was signalled to proceed and the train was picking up speed when the eighth car reached the switch. The front truck passed safely over. Warren said, but the switch opened before the rear truck reached it.

The rear trucks following the other track, swung the car sideways and hurled it against the end of the concrete wall which separates the express and local tracks. The heavy steel car jammed with passengers was cut in two. The last car of the ten-car train,

LAKE LURE DAM BREAK WIDENING; FLOOD IS FEARED

Lake Lure, N. C., August 24.—(AP)—Despite efforts of engineers and workmen the leaks above the dam at the north end of the Lake Lure dam, where serious leaks developed during the floods of last week, were becoming larger today. Dr. L. B. Morse, president of Chimney Rock Mountains, Inc., announced today. He said that the several small leaks were tending to concentrate into one large one.

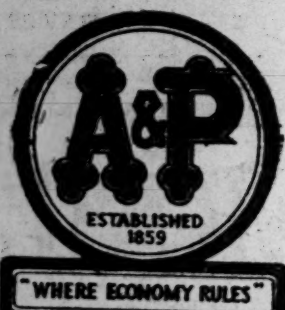

More dirt had caved off the earth embankment today and slightly more water was escaping, he said.

Dr. Morse said that everything possible was being done to prevent the earthen wall breaking. Water has been lowered about 16 feet through the floodgates and a break would let out about 25 feet more, he said.

TWO WORKMEN KILLED IN BLAST AT POWDER PLANT

Ashland, Wis., August 24.—(AP)—Two workmen were blown to death by an explosion in the jelly punching house of the DuPont company powder plant at Darkside, ten miles from here, this afternoon. The dead: Conrad Hollman, 45, and Alvin Resstrom, 38, both of Washburn, Wis. The cause of the explosion was undetermined.

C. F. von HERMANN, Meteorologist, Weather bureau.

THE CLOSE OF ANOTHER SUMMER

The A&P now looks back on almost SEVENTY SUMMERS, during which it has anticipated the seasonal food desires of its patrons. The few weeks between now and cool weather you may note our preparation for fall appetites!

COMMERCE BY AIR TO BE DISCUSSED

Commercial aviation in relation to foreign trade development will figure prominently in the second annual southeastern foreign trade conference to be held in Atlanta November 20 and 21, it was announced Friday. William P. MacCracken, assistant secretary of commerce in charge of aeronautics, has tentatively accepted an invitation to address the conference. Inland waterways will be discussed by Norman F. Titus, chief of the transportation division of the bureau of foreign and domestic commerce, while General A. C. Dalton, vice president and general manager of the United States Shipping Board, has tentatively accepted an invitation to speak. Arrangements for the meeting to be held at the chamber of commerce building are being made by the Atlanta Foreign Trade club, the chamber of commerce, the bureau of foreign and domestic commerce, with the cooperation of trade bodies in the southeast. More than 250 persons, including industrial executives, bankers, government officials, steamship and railway executives and educators, are expected to attend. There were 140 present at the first conference, held in March of last year.

A program is now being arranged, together with details of the exhibits and plans for a luncheon and banquet. Entertainment features will include an inspection trip of Candler airport, in connection with the foreign trade airways matter. The southeast is strategically located to figure prominently in foreign trade by air, it was pointed out Friday by Harry O. Mitchell, branch manager of the department of commerce. Mr. Mitchell said that the southern trans-Atlantic route to Europe affords an ideal all-year route, and that this section is conveniently located to trade with South America and the West Indies by air. The shipping board will exhibit motion pictures of foreign trade interest. Thousands of people are expected to see the pictures and the various exhibits at the chamber of commerce.

Girl Gone Again On Eve of Trial In Kidnap Case

While the solicitor's office was preparing for the trial next Tuesday of Luther B. Cobb, East Point youth, on a charge of kidnaping Helen Henry, 16, of 109 East Washington street, the girl's father, R. L. Henry, reappeared Friday to seek another indictment against a second young man, declaring the girl had again been kidnaped. Although a number of witnesses testified before the grand jury that the Henry girl had been missing for several days past, the grand jury declined to indict, returning a "no bill" against LeRoy Hayes, also of East Point. Cobb was indicted June 12 for kidnaping the girl on the previous day. He has been held at Fulton Tower on the charge for several weeks past. The father returned to the courthouse Friday, where he told enforcement officers that Helen was again kidnaped last Monday, and had not been heard from since. Evidence against the second young man was found to be insufficient to warrant an indictment, according to information at the solicitor's office.

EULA THOMPSON FATE TO PRISON COMMISSION

Abandoning his announced intention of seeking a supreme court mandamus reopening the Eula Thompson case, defense counsel A. S. Johnson said Friday he would appeal for clemency to the prison commission about the first week in September. Mrs. Thompson's sentence to the death chair at Milledgeville for her alleged part in the holdup-murder, a year ago, of a Murray county storekeeper, has been affirmed by the supreme court. At Fulton tower she awaits resentencing by the trial judge, which will probably be about the first of next month. Her husband, Clifford Thompson, and a negro servant, both of whom were convicted in the murder, were put to death several weeks ago.

Fresh bread every day—
when you buy
Southern Bread

BREAD is never so good as the day it is baked. Probably that is one reason so many women have given up home baking—where several loaves are baked at one time, and all but one must be served at least slightly stale. And to their delight they find in Southern Bread, which they buy fresh every day from their grocers, bread that gives them even more than they can get at home. For Southern Bread never varies. It is always light, tender, delicious. Always an even golden brown. And always twenty per cent richer, because of the astonishing amount of rich, good milk we put into it. If you are not already delighting your family with it, by all means buy it from your grocer today.

KARSMAN HEADS STATE DE MOLAYS

Albany, Ga., August 24.—(P)—Alvan Karsman, Savannah, was chosen president, and Brunswick selected as next year's convention city at the final session of the fifth annual convocation of the Order of DeMolay of Georgia here today.

Other officers elected were Carlos G. Sibson, Atlanta, first vice president; Wyche Jones, Brunswick, second vice president; William Wallis, Americus, third vice president; Jack

ICEBREAKER KRASSIN RESUMES ITS SEARCH

Stavanger, Norway, August 24.—(P)—The Russian icebreaker Krassin which has been undergoing repairs here for continuing her search for the Amundsen and Italia parties, left for Bergen today.

Evans, Augusta, fourth vice president; William Harris, Albany, secretary and treasurer.

Addresses by Howard Geldert, Atlanta, deputy in the Georgia Order of DeMolay, and by Judge Clayton Jones, of the Atlanta city court, were included in the final day's session. Nearly 150 members of the order attended the two-day convocation.

FLOOD RELIEF SEEN IN GEORGIA DISTRICTS

Brunswick, Ga., August 24.—(P)—While lowlands of the Altamaha river in the vicinity of Doctortown and Ludlow are flooded, J. S. Carruthers, local sub-district United States engineer, said today that he did not believe the river would reach the record crest of the 1925 flood.

He pointed out that the high water crest was reached at the Georgia-Florida bridge Wednesday afternoon, the river gauge showing 26.2 feet. At Doctortown last night the water had reached a mark of 10.8 feet, whereas at the same stage of the flood in 1925 it stood at 15 feet.

With these facts and figures in hand, the engineer expressed the belief that the Altamaha delta between this city and Darien, comprising many acres of rich farm land, would not reach the level of the flood three years ago.

Letters to residents in all parts of the high water districts are being sent out by the engineer's office today asking that some mark be made to preserve the high water stage of the river.

DAVIS WILL SPEAK AT COVINGTON TODAY

Covington, Ga., August 24.—J. C. Davis, candidate for judge of superior court from the Stone Mountain judicial circuit, will deliver an address to the citizens of this section at the courthouse in Covington Saturday afternoon at 3 o'clock in behalf of his candidacy.

Mr. Davis, who is the present representative from DeKalb county, which office he has held with the highest esteem of the people of the county, is a young man of splendid character, is a fluent speaker and is gaining in strength and favor among the Newton county people.

NEGRO SENTENCED TO DEATH IN CHAIR IN OFFICER'S DEATH

Jackson, Ga., August 24.—Tom King, negro, charged with the murder of County Policeman J. E. McNair on the night of November 23, 1925, was convicted in Butts superior court Tuesday night of first degree murder and was sentenced by Judge Ogden Persons to be electrocuted on September 21.

This was the third trial and conviction of King. On two previous trials he had been convicted and given the death sentence. The case was appealed to the higher courts and a new trial was granted in each instance.

The officer was slain when he went to a secluded spot below Indian Springs to raid a moonshine still. He was shot down as he approached the still site. An overcoat said to belong to King was found at the still. King was later arrested at his home at Indian Springs and for the past three years has been confined for safekeeping in jails in Macon and Atlanta.

VIRGINIA POSTMASTER ARRESTED AT AUGUSTA

Augusta, Ga., August 24.—(P)—Hollaway E. Lane, postmaster for seven years at Gate City, Va., was in custody of local authorities today on charges of absconding with federal funds.

Lane was said to have disappeared from the Virginia town last Friday, after postal inspectors had found a shortage in his accounts. The suspect, who registered here under an assumed name, said he was 32, member of a prominent family, and denied responsibility for the shortage, although admitting it existed.

LEFT GATE CITY LAST WEEK

Bristol, Va., August 24.—(P)—Hollaway E. Lane, arrested in Augusta, Ga., as an alleged absconder with federal funds, left Gate City, Va., last Friday, it was learned here tonight. He had been postmaster at Gate City for nearly seven years.

Lane's disappearance Friday and failure of patrons to receive mail service during the day led postoffice inspectors to Gate City Saturday. The vault of the postoffice was found locked and it was Monday before a thorough probe could be begun.

Lane is said to be a member of a prominent family of this section.

N. C. PARK COMMISSION WINS INJUNCTION SUIT

Asheville, N. C., August 24.—(P)—Gaining the right to start condemnation proceedings against the timber lands of the Suncrest Lumber company in the Great Smoky Mountain National park, the North Carolina park commission won the first victory in the injunction suit of the lumber company in United States district court today.

After much dispute between the attorneys Judge E. Yates Webb signed an order, to which both sides excepted, dissolved the temporary injunction obtained by the lumber company in so far as it affects institution of condemnation proceedings in the state courts.

The order also allows the park commission to apply to the state courts for a counter injunction restraining the Suncrest company from cutting into its magnificent spruce timber high up in the mountains. But before any such injunction granted by the state court shall become operative the park commission must file a bond to indemnify the Suncrest company and this bond must be approved by both the state court and Judge Webb.

Attorneys for the lumber company tried unsuccessfully to get Judge Webb to pass on the constitutionality of the law passed by the North Carolina legislature creating the Great Smoky park, but Judge Webb ruled the question of constitutionality irrelevant.

CUBAN, ON TRIAL, SUED FOR \$25,000

Suit for \$25,000 damages was served Friday on Gonzales G. Noble, young Cuban, as he appeared in municipal court for preliminary hearing on a warrant charging him with murder, in connection with the death of Mrs. F. J. Garbutt, of Greenwood avenue, who was killed August 10 in an automobile accident.

Testimony in the case was concluded and Judge Luther Z. Rosser continued the hearing until Monday morning at 10 o'clock, at which time arguments will be submitted by counsel.

Noble is said to have been the driver of an automobile which crashed into another in which Mrs. Garbutt was riding at the intersection of Peachtree and Seventeenth streets. He is under \$3,000 bond.

The damage suit was brought by the daughter of the dead woman, Mrs. Meda Walker, alleged to have sustained serious injuries in the wreck. Plaintiff's counsel, the firm of Hendrix & Buchanan, announced that another damage suit will likely be brought against Noble by Mrs. Garbutt's estate.

Mrs. Walker's husband, F. H. Walker, was driving at the time of the accident. He testified that Noble was reckless in handling his machine while the defendant, on the stand in his own defense, insisted the accident was unavoidable.

Dr. Florentino Guerrero, Cuban consul to Atlanta, was in court as a character witness, but was not called to the stand, since Judge Rosser said he would presume Noble's character to be above reproach.

LIGHTFOOT SCORES VIEWS OF SMITH STATED IN SPEECH

Springfield, Mo., August 24.—(P)—M. D. Lightfoot, chairman of the national democratic Hoover-for-president committee, in a statement here today declared that Governor Alfred E. Smith's statements on immigration and prohibition in his acceptance speech do not defeat him "then nothing can defeat him."

"Democrats as well as republicans favor strict restriction of immigration under the present law," he said, "and labor especially will be opposed, to lowering the bars. Labor today feels that there are already too many mouths in the United States to feed and not enough jobs to go around without bringing in more ignorant immigrant labor."

As for Smith's proposal for state option on prohibition, Lightfoot said it "just means that we would have liquor back with us," and it would be a step backward to "where we were 20 years ago."

Cato Sells, of Fort Worth, Texas,

HOGANSVILLE MAN BEATEN TO DEATH

LaGrange, Ga., August 24.—(P)—Herman Broom, 24, Hogansville cotton mill employee, was beaten to death Thursday night between 11 and 12 o'clock in a garage owned by the New England Southern Mills at Hogansville, it was learned here Friday.

Bel is reported to have gone directly to the police headquarters at Hogansville following the killing and gave himself up. He is said to have refused to make any statement. It is believed that Broom, Bell and others were in the mill garage when the killing occurred. Broom apparently was killed by being struck over the head with a heavy piece of iron pipe or iron spike, according to reports.

Long distance telephone messages Friday said that Broom, Bell and others were in the mill garage when the killing occurred. Broom apparently was killed by being struck over the head with a heavy piece of iron pipe or iron spike, according to reports.

Bel is being held in the Hogansville jail pending commitment proceedings, date of which will not be set until after Bell's arrest. It is probable that the commitment hearing will be held in Hogansville before Judge R. H. Utting, city clerk and justice of the peace.

Kentucky Town, Davis Birthplace, Razed by Blaze

Hopkinsville, Ky., August 24.—(P)—Fire early today razed the little town of Fairview, Christian county, birthplace of Jefferson Davis, president of the Confederacy. Loss was estimated at \$15,000.

The fire, origin of which has not been determined, started in the J. W. Yancey grocery store, in the J. W. Yancey building, and gained headway with such intensity that Bowler was forced to flee from his quarters over the store in his night clothes.

Efforts to combat the flames were fruitless and when the conflagration died down, the business section of the historic little town of about 450 inhabitants was gone.

There was a wind to fan the flames, but buildings of the business section stood so close together that three stores and one dwelling quickly were burned to the ground.

Citizens formed a bucket brigade, but their activities were of no avail. A call was sent here for aid but lack of adequate water supply at Fairview made fighting difficult.

Tourists arriving to visit the native village of the Confederate president found little groups of people walking among the ruins of their town.

Fairview is on the Jefferson Davis highway, 11 miles from here, and has been the mecca of thousands of tourists each year who come to visit the historic places about the city and view the Jefferson Davis monument.

Business men of the village said today that only a few thousands of dollars' insurance was carried on the damaged buildings and that fact may prevent rebuilding.

The old home where the Confederate leader was born, and the ten-acre memorial park containing the monument which are located at some distance from the village, were not affected by the fire.

CINCINNATI POLICE NAB GEORGIA NEGRO ON MURDER CHARGE

Cincinnati, Ohio, August 24.—(P)—Othie Toland, 29, a negro, held here for Riverside, Ga., authorities on a murder charge, pleaded with police today to take him back south under guard, because he said he feared a mob would attempt to sentence him.

Cincinnati police said they were informed that Toland shot and killed Horn Simpson, 22, son of a deputy sheriff of Clay county, Georgia, last January. The negro admitted the shooting but declared he never learned whether Simpson was killed or not.

A negro told police he met Simpson and several companions while walking along a country road and they tried to take his gun away from him. He shot Simpson, he said, in the struggle to retain possession of his gun.

Toland was arrested here recently after having been reported to police by a negro with whom he had an argument.

NO MOB DANGER, OFFICERS ASSERT.

Jonesboro, Ga., August 24.—(Special)—An officer was sent from Clayton county today to bring Othie Toland, negro, back from Cincinnati, where he was reported under arrest on a charge of murder in connection with the shooting of Horn Simpson, son of a deputy sheriff of this county, last January.

Sheriff's officers said Simpson was only slightly wounded and had recovered. No reason exists for the fear expressed by the negro, according to dispatches from the Ohio city, that he would be mistreated.

Special protection was accorded him.

PRESIDENT CALLES TO QUIT OFFICE ON NOVEMBER 30

Mexico City, August 24.—(P)—El Universal Grafico says that President Calles determination not to continue in office after expiration of term, November 30, has been made known semi-officially by Jose Manuel Casarano, secretary of industry, commerce and labor.

The secretary is quoted as having made the following announcement during a luncheon given in his honor by friends:

"I can assure you that President Calles for no reason will continue in power after November 30."

BOY MISSING 3 DAYS RETURNS TO HIS HOME

Green Thomas Whitely, 12-year-old son of Mr. and Mrs. B. C. Whitely, 511 West Cambridge avenue, College Park, whose disappearance Tuesday caused his parents much anxiety, returned home Friday none the worse for his three-day absence.

The boy said he was simply saying that he had been in Newnan. At the time he disappeared it was said that he was leaving the house to report to the Western Union Telegraph company, where he had told his parents he was employed as a messenger.

Mr. H. H. Poole, uncle of the youth, said Friday night that upon his return he admitted that he had not been employed by the telegraph company but used that excuse to spend each day in town.

Militant Feminists Plan To 'Crash' War-Pact Meet

Paris, August 24.—(P)—Multi-racial feminism is going to crash the treaty of the title of the meeting of a group of veterans of half a dozen suffrage arenas and the world's most aggressive equal rights fighters succeed in the campaign they are planning.

Lady Rhonda, Mrs. O. H. P. Bell, of the Quai D'Orsay, is leading a plan by which the committee on international action, an offshoot of the national woman's party of the United States, hopes to get a few minutes alone with the Kellogg pact plenipotentiaries to present "a proposed treaty, of equal rights for men and women."

"We are going to use the same tactics which were so successful at Hain," said Miss Stevens, chairman of the committee on international action. The most important clause of the proposed treaty reads: "The contracting states agree that upon ratification of this treaty, men and women will have equal rights throughout the territory subjected to the respective jurisdiction."

The women's treaty is modeled, they say, on Secretary Kellogg's famous pact. Its effect, according to Lady Rhonda, England's fighting peeress who wants the right to occupy her seat in the house of lords, is that the legal position of women in signatory countries would be immediately identical with that of men.

The women are hoping that Secretary Kellogg will listen to their plea for a meeting. "We ask one hour at any time whatsoever and at any place agreeable," said Miss Stevens. "We understand from the Quai D'Orsay where I had two interviews, that the French do not make objections to the time being given to an international committee of women if Mr. Kellogg makes no objection. This was done out of courtesy to Mr. Kellogg, who asked France to agree not to discuss extraneous subjects."

NEWTON NAMED HEAD OF WAYCROSS SCHOOLS

Waycross, Ga., August 24.—(P)—Ralph Newton, of Fort Valley, today was elected superintendent of the schools of Waycross to succeed A. G. Miller, who becomes grand secretary of the Royal Arch Masons of Georgia.

Mr. Newton is one of the foremost educators of Georgia. He has served as superintendent of the schools of Lumpkin principal of the American high school, superintendent of the Brunswick schools and superintendent of the Fort Valley schools for the past 16 years.

In 1915 the educators of Georgia honored Mr. Newton with election to the presidency of the Georgia Educational association. Throughout his many years as the head of city schools he has been in only four cities, which attests his popularity and his ability.

Mr. Newton will move his family, consisting of wife and two daughters, to Waycross within the next few days as the schools open September 17.

FARM RELIEF DEBATE AT ILL. STATE FAIR

Springfield, Ill., August 24.—(P)—A democrat and a republican each took the floor today at the opening of the other today when Senator T. H. Caraway, of Arkansas, and Congressman L. J. Dickinson, Iowa, defined and respectively defended their party platforms in farmers' day addresses at the Illinois State fair.

Senator Caraway, the democrat, charged that "the republican party and its candidate will see that farmers be further exploited for the advantages of the industrial and commercial groups."

From Congressman Dickinson, the republican, came the statement that the republican party promises more to the farmer than the democrats, "both of whom threaten the ruin of his candidate and in the person of the nominee."

Under the democratic plan, Senator Caraway declared, the industrial and commercial classes are to be required to bear their "fair share of the cost of maintaining farm prices and the cost of carrying for surplus farm products."

Congressman Dickinson said that Governor Simpson, by personally declaring himself opposed to the equalization fee, has placed himself on a party with the republicans on that issue.

"The republican party goes further," the Iowa said. "It promises tariff provision by friends of the protective system to reduce the cost of our transportation system to where agriculture will no longer bear an excessive share of our transportation costs."

"I want to suggest to the farmers of the middle west that a desertion of the republican party, by the office means a transfer of the control of legislative machinery either to New York or to the industrial and commercial classes representing cotton and sugar states."

Criticizing the republican party for "betraying the farmer," Caraway being "less specific" now than in 1920 or 1924. It has also proposed a revision of finding a solution for equitably handling surplus farm products and falls back on the theory that the farmer should be loaned more money and thus hasten the extinction of farmer-owned farms in America.

"The democratic party," the Arkansas senator continued "pledges that if entrusted with power it will find a solution for this farm problem, that it will distribute the cost of carrying for surplus farm products."

It will find a solution for equitably handling surplus farm products and falls back on the theory that the farmer should be loaned more money and thus hasten the extinction of farmer-owned farms in America.

Congressman Dickinson concluded that agricultural leanings and had an appointment with the viscount. When he stopped the procession yesterday he asserted that Hallahan was not dead and he repeated this in the graveyard yesterday.

Awakened by a cemetery attendant, the man was quoted as declaring that he had agricultural leanings and had an appointment with the viscount. When he stopped the procession yesterday he asserted that Hallahan was not dead and he repeated this in the graveyard yesterday.

MAN OPENS GRAVE OF HALDINE, THEN GOES TO SLEEP

Glen Eagles, Scotland, August 24.—(P)—The grave of Viscount Haldine, British statesman, who was buried here yesterday, was found opened this morning with indications that an attempt had been made to pry open the coffin.

A man was stopped by the funeral procession of the former cabinet minister in high street yesterday at Auchtermuchty.

Awakened by a cemetery attendant, the man was quoted as declaring that he had agricultural leanings and had an appointment with the viscount. When he stopped the procession yesterday he asserted that Hallahan was not dead and he repeated this in the graveyard yesterday.

The police said that the man had admitted opening the grave with tools left by a gravedigger.

When Al Met Herb.

New York, August 24.—(P)—A truckman and an engineer who once spoke at the same meeting are now rivals and their names are in the papers every day.

"Have you ever met Herbert Hoover?" Governor Smith was asked.

"Yes, we spoke from the same platform in the Academy of Music in Brooklyn during the Cross drive. I wasn't governor then. I was just a truckman." (The governor was chairman of the directors of a trucking corporation after his one defeat for governor.)

Two Guilty Pleas in Shooting Cases

Harry M. Deeran, Boston radical, who has confessed to shooting two postoffice inspectors as a protest against his discharge as a mail carrier, and A. D. Presley, who is alleged to have made an unsuccessful attempt to shoot his way to freedom with a stolen satchel containing \$3,000, have been ordered brought before Judge John D. Humphries, in Fulton superior court, today to enter guilty pleas to indictments against them.

Both prisoners are said to have signed a willingness to plead guilty to two charges each of assault with intent to murder. They are also indicted for carrying pistols. Deputy Sheriff Jim White has been instructed to bring them up this morning, it was learned Friday afternoon.

Deeran, discharged as a civil service employee in the east, according to his own confession, came south in the furtherance of a wild scheme of revenge against the government.

He followed Inspectors Joe P. Johnston and Morgan Griswold as they left their office in the Federal building during July, opening fire on the two men. Johnston was shot through the shoulder and Griswold in the neck. Both have recovered.

Deeran was brought into court several weeks ago on his request to be allowed to enter a guilty plea, but balked at the language of the indictment, declaring he had shot, although the act was not prompted by "intent to murder." The judge declined to receive his plea.

The prisoner says now, however, he will admit the whole charge, deputies declare.

Presley, employee of the Georgia railroad roundhouse on East Atlanta avenue, blacked his face and hid in wait a fortnight ago for Cope Thornton, negro, who had gone to the bank

University Summer School Ends Term

Athens, Ga., August 24.—(Special.)—Fifty-one students of the summer session of the University of Georgia were awarded degrees here Friday night when commencement exercises closed the 1928 session. Chancellor Charles M. Snelling delivered the baccalaureate address and awarded the diplomas.

The class speakers were: A. B. department, G. A. Finkle, Buford, S. C.; B. S. department, H. C. Nix, Athens; law department, L. R. Seibert, Atlanta.

The 1928 summer session was the largest in the history of the university, totaling 2,668 students.

SUICIDE LEAVES NOTE ADVISING AGAINST BOOZE

New Orleans, August 24.—(P)—Leaving behind a note advising boys to avoid gambling and drink, Tom Higgins, former employee of the late Charles E. Harris, a New Orleans gambler, today was found dead on the top step of a monument to Henry Clay.

A revolver with one discharged cartridge was in his right hand and a bullet was in his temple. He was 27 years old.

Directions were left for his belongings to be sold and the proceeds given to the blind.

One of his pockets was found a letter from the Northwestern Railroad company commending "Tom Higgins" on his efficiency as a roadmaster. The letter was dated in 1918.

DOWLING LOSES FIRST SKIRMISH TO HOLD POSITION

New Orleans, August 24.—(P)—Dr. Oscar Dowling, who claims to be the leader of the "mole" in the board of health, lost the first skirmish today in his court fight to prevent Dr. Joseph A. O'Hara from assuming the position.

An injunction to restrain Dr. O'Hara, who was appointed to the place by Governor Huey P. Long, when suddenly seized by the board of health, lost the first skirmish today in his court fight to prevent Dr. Joseph A. O'Hara from assuming the position.

Attorneys for the new appointee stated Dr. O'Hara did not intend to complete a law terminating his office last August 15. "The physician claims this law is unconstitutional."

Dr. O'Hara, however, backed by Governor Long, insists Dr. Dowling's term has expired.

AMERICAN COUPLE SPEND HONEYMOON IN AFRICAN HUNT

Nairobi, Kenya, East Africa, August 24.—(P)—Mr. and Mrs. Barratt Waters, of Cincinnati, now on a year's honeymoon in Africa, have completed four months' shooting over Tanganyika, Kenya, and along the northern frontier. Their trophies include one elephant, two rhinoceros, six lions, three buffaloes and one hippopotamus.

The couple are leaving today with Alan Black, noted hunter, for a shooting trip in Persia.

A Delicious Aid To Digestion

Your druggist or grocer can now supply you with that delicious Shinar Dry Ginger Ale, prepared with the celebrated Shinar Mineral Water, pure digestive aromatics and select ginger root.

You will find Shinar a wonderful aid to digestion and a most delicious beverage. Ask your favorite dealer to order a family package, one dozen, for your own home.

Atlanta Aid Is Asked In Identifying Woman Found Dead in Gotham

Police Chief James I. Beavers Friday was asked by New York authorities to aid in identification of the body of a young woman found dead in New York and thought to have been a resident of Atlanta.

The communication to the local chief from Chief Inspector M. J. Lacey, of the New York forces, described the woman as follows: Age, about 30; height, five feet five inches; weight, 140 pounds; gray eyes; light brown bobbed hair; Roman nose and two gold teeth. In addition the body had a scar on the neck, apparently the result of a surgical operation.

Any Atlanta who believes he may be able to aid in the identification is invited to inspect death mask pictures of the woman in the chief's office at police headquarters.

For cash with which to take up payroll checks at the roundhouse. Presley shot Thornton in the shoulder, making off in an automobile with the money. Fleeting, he shot at other employees who pursued in a second machine, hitting J. L. Hill, machinist, in the wrist.

He was captured several blocks from the scene by two Atlanta patrolmen, and the money was recovered in full.

TOBACCO SHIPMENTS REGISTER INCREASES

Valdosta, Ga., August 24.—(P)—The Valdosta tobacco market sold 530,704 pounds of tobacco yesterday for \$64,989.34. Today's sales were expected to exceed 400,000 pounds. This will bring the week's total close to 3,000,000 pounds.

One hundred and eighteen cars of tobacco have been handled up to the end of the last week by the Georgia & Florida railroad, against 108 for the entire season of 1927. This tobacco was removed from the Valdosta warehouses and represents approximately half of the season's sales in Valdosta.

The larger part of the remaining half is in storage warehouses and being stemmed and redried in the plant of the China American Tobacco company of Georgia. This company completed a storage warehouse this season that will hold 2,000,000 pounds of tobacco, while approximately that many more pounds are being worked through the stemming plant.

There are at least two more weeks of the 1928 tobacco market and the aggregate shipments from this city alone will be almost twice the volume of the previous year.

PARK YOUR CAR UNDER YOUR DESK

Business men, whose offices and shops are located in the Peachtree Arcade are free from parking worries. They drive into the basement garage, are in business. Just one of the many advantages offered here. For space apply to Room 200

(Signed) A. I. Voss, Secretary.

Sworn to and subscribed before me, this 21st day of August, 1928.

(Signed) EDWARD J. GRIFFITH, Notary Public.

Open Letter to Candidate Rivers

In your recent speeches you have been claiming credit for things you have not done and for sponsoring and passing measures in the Senate which have not been passed.

We desire to ask you, Candidate Rivers, some very pertinent questions, in which the voters of Georgia are vitally interested, concerning the things which you ACTUALLY DID as a member of and as President pro tem of the Senate of Georgia last Summer.

Question 1: Why did you so vigorously oppose and fight at every step Senate Resolution No. 22, offered by Senator John I. Kelly, to require information to be furnished to the Senate as to the amount of fees paid to liquidating agents and attorneys of defunct banks in Georgia by the Banking Department? You voted against the passage of this Resolution every time it was up for passage. WHY?

Was not your anxiety to defeat this resolution inspired by the fact that you wished to conceal from the people of Georgia that you received from the little bank of Adel, the capital of which is only \$25,000.00, the sums of \$3,102.94 attorney's fees and \$638.08 liquidating agent's fees, making a total of \$3,741.02, or nearly one-sixth of the bank's capital?

Question 2: You are now claiming to be in favor of reducing the departments of Georgia, cutting off useless employees and saving expenses to the State. Why did you fight so vigorously in committee and on the floor of the House in 1925 against the bill to reduce the number of oil inspectors in Georgia from one hundred and eighty to six? We refer to your record in House Journal, Pages 1187 to 1196. WHY?

Question 3: You introduced and fought to have passed in the Senate, Senate Bill No. 133, defining what is meant by "Self-rising flour." The real meaning of this term is fairly plain to most Georgians, so won't you please explain to the voters of Georgia what the real purpose of this Bill was and why you were so deeply interested in it? Won't you tell them what interest the HARD WHEAT MILLERS and the BAKING POWDER INTERESTS had in this bill? And didn't you know that self-rising flour is made out of soft wheat, the only kind of wheat grown in Georgia, and that if the bill for which you were working passed that it would seriously curtail the market for Georgia-grown wheat?

Question 4: The farmers of Georgia are vitally interested in Senate Bill No. 163, which you introduced, fought most vigorously for and finally had

passed by a bare majority. The purpose of this bill was to again legalize bucket shops in Georgia. This bill was immediately and overwhelmingly defeated in the House after its iniquitous purpose was openly revealed in a statement to the press by Charles S. Barrett, President of the National Farmers' Union. The Bill is cleverly drawn and purports to make illegal bucket shop gambling, but, in fact, permits and licenses their open operations again in Georgia. You claim to be a friend of the people. Who got you to pass this bill? The people of Georgia want to know.

Question 5: You have criticised the campaign expenditures of Governor Hardman two years ago. These expenditures were honest and legitimate and made necessary by two separate campaigns against special interests and a powerful political machine. Is it not better, Candidate Rivers, for a candidate for Governor to pay out of his own pocket legitimate campaign expenses than to have these expenses paid by corporations, mercenary and selfish interests, and thereby practically mortgage to them the sane, impartial and conscientious action of the candidate if he is elected? And, by the way, Candidate Rivers, the people of Georgia are vitally interested in knowing the sources of your enormous campaign fund.

Question 6: The Western and Atlantic Railroad is Georgia's most valuable property. The people of Georgia are proud of it; are vitally interested in it; are jealous of its preservation. It was leased in 1917 for a period of 52 years. This lease still has 41 years to run. An insidious effort was made in the Senate last Summer to immediately lease this splendid property now for an additional period of 50 years. You voted for and fought for this Senate measure. It

JURY WILL ACT IN BLAKE ATTACK

Birmingham, Ala., August 24.—(AP)—Evidence in connection with the assault on H. F. Blake, former chief of police of Calera, several months ago, at the termination of his trial on a charge of murder, will be presented to the Shelby county grand jury September 3 by Assistant Attorney General John J. Maynes, it is announced by Attorney General McCall.

Mrs. Mabel Montebello, mother of the girl for whose death Blake was brought to trial; Miss Cecil Tubbs, sister of Mrs. Montebello, and A. H. Tubbs, brother, are under bond on charges of assault with intent to murder.

Mrs. Montebello and her brother and sister were brought to Jefferson county jail following the stabbing which came as a climax to the trial of Blake on charges growing out of the sensational death of Miss Louise Montebello, daughter of Mrs. Montebello, who was shot to death one night last November on the Montgomery highway a few miles north of Calera. Blake was transferred to a hospital in Clanton following the stabbing and has since recovered. Officers W. D. Farmer, who was with Blake the night of the shooting, and Montebello and who was indicted on the same charges, will be tried at the fall term of the Shelby circuit court.

OCOE, FLA., STARTS WAR ON FIREBUGS; VIGILANTES ON JOB

Orlando, Fla., August 24.—(AP)—Steps to protect the town of Ocoee, 10 miles west of Orlando, from further alleged incendiary were being taken tonight following another fire, believed to be the work of firebugs, early today. Every precaution will be taken to prevent further damage in the community, officials stated tonight, and a "duty guard" has been organized for duty.

Following three fires yesterday, all of unknown origin, another blaze early this morning destroyed the Ocoee garage. Orange county officials said they traced footprints into the garage building following the fires yesterday, and that they obtained fingerprints in the building. Residents of Ocoee said the garage suddenly burst into flames and appeared to have been saturated with oil.

O. B. Jarman, state criminal investigator, said tonight that he definitely connected the burning of the garage building with the three fires of yesterday. He said arrests were expected shortly.

Today's blaze followed fires yesterday which destroyed the packing plant of Chase and company, a general store, and a garage. The garage was destroyed by a fire which also destroyed the Atlantic Coast Line railroad. The fires are the latest developments in a series of a year and a half, during which four packing plants have been burned.

Atlanta Lawyers Brave Showers To Enjoy 'Cue

Despite the showers an almost continuous line of motor cars late Friday afternoon might have been seen winding their way out Peachtree to Buckhead and on the Roswell road to Sandy Springs, thence on Johnson Bridge road to the Chattahoochee river, across the stream into Cobb county to the Marietta-Roswell road and then to the river again.

On the banks of the Chattahoochee, at the country home of Wellborn B. Cody and John P. Stewart, attorneys and members of the Atlanta Lawyers' club, gathered a hundred members of the bar, guests of Mr. Cody and Mr. Stewart at a barbecue so enjoyable and so abundant that it will rank among the most successful outings the club has ever had.

Among the representatives of the bench were Superior Court Judge Hugh Dorsey. The Fulton county board of commissioners was represented by Paul S. Elberidge and Walter E. Stewart, and among the other guests were Coroner Paul Donebo, Hunter Bell, city editor of the Journal; Robert Arnold, city editor of the Georgian; and N. S. Noble, city editor of The Constitution.

Under the boughs of tall trees, on a bank about 50 feet above the river, the cars began spreading with barbecue meats, cold drinks and other barbecue delicacies. The entire affair was informal, with not a speech, the only note of formality being the ringing of the dinner bell calling hungry lawyers and judges and newspapermen to the feast.

U. S. COURT MOVES TO HELP HOLDERS OF TOOMBS STOCK

St. Louis, August 24.—(AP)—Judge Albert L. Reeves, of Kansas City, late today ordered the receivers of the International Life Insurance company to enter immediately into a reinsurance contract with the Missouri State Life Insurance company, where by policyholders and stockholders are protected from loss through the alleged withdrawal of \$3,500,000 from the company by Roy C. Toombs, president.

Judge Reeves' order ended the controversy between receivers and commissioners on the disposal of the bankrupt insurance company, which has been in progress for more than a month. The order specifies that stockholders in the International Life shall be paid approximately \$150 a share within 15 days.

HOEVERS URGED TO VISIT GEORGIA

Washington, August 24.—(AP)—Herbert Hoover returned to Washington tonight from his transcontinental trip. He was greeted by several hundred cheering persons at Union station.

First to greet the republican presidential nominee was Chairman Work of the national committee. He boarded Mr. Hoover's car and conferred with him a few moments before the party alighted to be met by a committee of the local Hoover-Curtis club.

Mr. Hoover then made his way through the concourse, cheered by Washingtonians and serenaded by an American Legion band.

The republican candidate returned to his headquarters at the national capital well pleased with conditions as he found them in the west, but there is a difficult contest ahead.

He emphasized this conviction in rear-platform talks at several Pennsylvania cities through which his train passed during the day. He told party stalwarts who greeted him at Pittsburgh that republicans must exercise every energy if victory is to be assured in November.

While his plans for the remainder of the campaign still are indefinite, it is learned that he has under consideration a visit to Texas, where Thomas B. Love, former national committee man, is leading a movement for the organization of a republican presidential ticket.

If he goes to Texas he probably will speak at Dallas. Moreover, he is considering a visit to North Carolina, to speak, either at Raleigh or Charlotte.

Some advisers are suggesting that he extend his southern tour to take in Virginia and Georgia, if not Alabama, either at the time he goes to Memphis for his speech there or upon some other occasion.

The republican candidate will meet Al Smith on his own battleground in the east, making speeches in New York state and in one or two places in New England. Plans for a swing have yet to be worked out. For the next few days Hoover will seek as much rest as possible after the grueling of the transcontinental trip. However, he will confer with Chairman Work, of the republican national committee, and others, and will devote some attention to the election of his personal headquarters near his home on S street. His workshop will be wholly disassociated from the republican national headquarters in the downtown district.

As was the case in the normally republican states of Kansas and Iowa, Hoover received an enthusiastic greeting as his train moved through Pennsylvania the last state save one, "Maryland," he crossed on the return trip. At each of the dozen cities where stops were made large crowds met him and his brief talks were received with much applause.

At Harrisburg Governor John F. Fisher officially welcomed him and a number of other state leaders greeted him at the Pennsylvania capital.

Committee of 36 Educators Backs Norman Thomas

New York, August 24.—(AP)—A call to liberal voters to bolt both democratic and republican parties and support Norman Thomas, socialist presidential nominee, as the first step in creating a new progressive party was issued today by a committee of 36 educators.

Behind Governor Smith and Herbert Hoover, the signers of the letter, signed by Professor Paul Douglas, University of Chicago.

The letter was sent to private and public school teachers, college professors and other educators. It went on to state that the socialist party "has put itself at the head of the liberal forces of the country."

AMERICAN STAGE STAR DIES EN ROUTE TO VISIT SISTER

London, August 24.—(AP)—Ardath de Sales, American actress from Seattle, on her way from New York to England to see her sister, Miss Adrienne, and to take part in the first performance tomorrow night of a new review, died today at the latter's home. Death followed an operation for appendicitis.

Miss De Sales was an accomplished stage dancer. She had appeared in Pavlova at the Metropolitan opera in New York. Here she was known for her work in "Mercury" Mary and "Trice" Charming.

SIX-YEAR-OLD BOY INJURED BY AUTO

John B. Hallsworth, 6-year-old son of Mrs. H. P. Hallsworth, of 779 Boulevard, N. E., was slightly injured Friday morning when he was struck by an automobile operated by Mrs. S. W. Callaway, of 177 Campbell street. According to reports made by Police Officer Woodson the boy ran from the sidewalk directly in front of the approaching car making it impossible for Mrs. Callaway to avoid striking him. No case was made against her at the request of Mrs. Hallsworth.

Youth Held for Murder Alleges Suicide Pact

Woodstock, Ontario, August 24.—(AP)—Because of the death of his fiancée in what he said was a suicide pact Robert John Childs, 20 years old, was held on a charge of murder today. A coroner's jury found that he was responsible for the girl's death.

Gertrude Yelland died from the effects of chloroform which Childs testified he administered to her and to himself in an endeavor to end their lives.

He said he first conceived the idea of suicide because his parents nagged him and that when he told the girl she insisted that she be allowed to die with him.

He purchased the chloroform last Saturday night and told the girl of his intentions. He said she begged him not to "commit suicide" when she was not there "because if you die I want to die too."

Monday night, he said, he called for Miss Yelland in his car and they drove out into the country. Lying down on the floor of the car they pulled a rug over their heads and he unstopped two bottles of chloroform. "Kiss me, Bob," he said the girl told him just before she lost consciousness.

He said he finally got up from the floor of the car and started to drive back to town, stopping at a farmhouse on the way to get a drink of water. He did not know the girl was dead, he testified.

His parents, Alderman and Mrs. Fred Childs, denied they nagged him his father testifying that he and his wife had no objection to Miss Yelland as a prospective daughter-in-law.

MARINE AVIATORS ALLEGE PEONAGE CASE POSTPONED

Miami, Fla., August 24.—(AP)—Arrival in Managua, Nicaragua, at 1 p. m., eastern standard time, today of the fifth marine plane to be flown to Central America, was reported this afternoon by E. F. Borne, superintendent of the tropical division of the Tropical Radio Telegraph company, whose stations had been in communication with the plane since it hopped off at Washington Monday morning.

Today's flight covered nearly 300 miles over the mountains from Tula, Honduras, where the marines landed yesterday afternoon in preference to crossing that dangerous stretch late in the day.

That ideal flying weather and good visibility were encountered were indicated by the fact the flight was made in two hours and 43 minutes in a plane with a 50-mile cruising speed.

The marines left Washington Monday and stopped that afternoon in Jacksonville, Fla., to await better flying weather to the south. They arrived off Miami Wednesday and hopped off for Tula the following day, arriving there nine and a half hours later.

OPERA STAR, STRUCK BY GOLF BALL, BETTER HEARING IN BANK FAILURE HURRIED

Lake Placid, N. Y., August 24.—(AP)—Rosa Pondero, soprano of the Metropolitan Opera company, was recovering at her camp on Lake Placid today from a slight concussion of the brain, caused when she was hit just above the eyes by a golf ball.

She was playing with her vocal coach, Mastro Romano, and another member of the house party, who was entertaining at her camp, Waw-beek, and was just preparing to tee off by report from the clubhouse when the force of the blow rendered her unconscious for several minutes. Dr. George T. Owens, who attended her, at first was fearful that the sight of right eye might be impaired but later said she was suffering only from a slight concussion of the brain and nervous shock and would suffer no permanent damage.

He said she would probably be able to sing tonight in the benefit concert being given for the Saranac Lake Society for the Control of Tuberculosis, for which several thousand dollars worth of tickets already had been sold. She had personally aided in the sale of the tickets and her first thought after her injury was found not to be serious was whether she would be able to sing in the concert.

EPISCOPAL PASTOR WILL CHRISTEN CALLESGRANDCHILD

Mexico City, August 24.—(AP)—The first American grandchild of President Plutarco Elias Calles will be christened by an Episcopal minister tomorrow in the presence of Calles and members of the cabinet.

The christening will take place at the home of Thomas Arnold Robinson, of New York, who married the president's daughter, Ernestine.

The baby, a girl, will be named Tina Calles Robinson. Dean F. W. Golden Howes, of the Episcopal Christ Church of Mexico, will officiate. Mrs. Percy F. Eames, of New York, will be Godmother and Henry L. Doherty, of New York, will be the father. He is present, Mrs. Eames being represented by Senator Alicia Calles, sister of Mrs. Robinson, and Doherty by H. Lee Eames, of New York.

ALL YOU OLD BOYS TRY THIS STUNT IN THE MORNING

New York, August 24.—(AP)—Thomas A. Edison once informed August Heckscher, philanthropist, that no man was physically fit unless he could pass either leg over the back of a high chair. Mr. Heckscher, who will be 80 years old next Sunday, can do it. He says he feels better than he did at 60.

SMITH AT SEAGIRT ON WEEK-END TRIP

Seagirt, N. J., August 24.—(AP)—Cheered by crowds which at times blocked the progress of his automobile, Governor Smith passed today through an industrial section of New Jersey and came for a week-end stay to this seashore community, where Woodrow Wilson made his home during the presidential campaign of 1912.

Tonight the democratic presidential nominee was quartered with his family in a hotel at Spring Lake, two miles from Seagirt. Tomorrow he will attend a large democratic rally and, under National Guard troops encamped here, where the state of New Jersey provides its governor a summer home.

After an overnight stay in New York, where he went after his election in Albany, and a morning visit to democratic campaign headquarters, Governor Smith invaded New Jersey, but, until he had visited the municipal building to register so he could cast a vote for himself on election day.

No sooner had his motor car, with top down, emerged from the New Jersey and into the roadway meeting the Hudson than the democratic standard bearer became the center of an enthusiastic demonstration.

As his automobile moved through part of Jersey City, in the democratic stronghold of Hudson county where Mayor Frank Hague, one of the state's most prominent politicians, party leader, men, women and children swept out from the curb. At times they forced the governor's car to come to a standstill, as motorcycle police sought to clear a pathway.

Again in Newark, admirers swarmed out into the roadway cheering the passing nominee, who kept waving his straw hat in acknowledgment. In front of the Newark city hall and at several other points in the city the throng became so dense that the governor's automobile could only move at a snail's pace or was halted.

Police Clear the Way. During the late afternoon, the nominee traveled on through Elizabeth, Newark, Perth Amboy and along the shore through Long Branch, Asbury Park, Ocean Grove and other resorts before reaching the hotel at Seagirt.

As in Jersey City and Newark, there were cheering crowds in each community, and at several points groups of flowers were handed the governor and his wife. Automobile horns increased the din, and above it all Mr. Smith passed could be heard shouts of "Hello, Al!"

The presidential nominee rode in the rear seat, with Mrs. Smith sitting between him and William F. Brewster, of New York, the governor's close friend. In automobiles behind were members of the governor's family. Smith enjoyed his reception, particularly the ovation given him by firemen at several Newark stations who let go with their sirens and fire guns.

At times he waved both arms as he acknowledged cheers, and he admitted on his arrival here that he was a bit tired.

WOMEN TO SPEAK IN NORTH CAROLINA. Raleigh, N. C., August 24.—(AP)—Several nationally prominent democratic women will speak in North Carolina on behalf of the candidacy of Governor Alfred E. Smith, of New York, Oct. 11. Mrs. M. M. Smith, of New York, democratic executive committee, said today.

Mrs. Ruth Bryan Owens, daughter of the late William Jennings Bryan, and Mrs. Nellie Taylor Ross, former governor of Wyoming, have both accepted invitations to make speeches in the state this fall, he said, but the dates have not been set. Mrs. Owens said she would speak anywhere she was wanted, he said.

Cordell Hull, Tennessee congressman, and Senator Walter F. George, of Georgia, are others who have promised to aid in the campaign. Mr. Hull will make at least four speeches in the state.

The state chairman plans to invite Governor Smith to visit the state. Mr. Smith has been invited to speak. Senator Joe Robinson, vice presidential nominee, already is scheduled to speak at Raleigh and Charlotte, September 11 and 12.

STRATON TO CARRY BATTLE ON SMITH IN FLORIDA CITIES

Jacksonville, Fla., August 24.—(AP)—Dr. John Roach Stratton, pastor of Calvary Baptist church, New York city, announced today that he would bring his warfare against Smith into Florida, it was announced here today.

Stratton will arrive in Florida September 6, C. W. Crooke, superintendent of the Anti-Slavery League of Florida, said he had been addressed by Smith in Jacksonville, Miami, Orlando, St. Petersburg and Tampa during a four-day stay.

VICTIM OF POISON DIES AT HOSPITAL

The body of Mrs. P. W. Buntn, who died Friday at Grady hospital, as a result of poison taken Wednesday with alleged suicidal intent, was removed to the undertaking parlors of Blanchard Brothers company, awaiting arrival in the city of relatives.

Mrs. Buntn stated at the hospital, according to attendants, that she took the poison Wednesday afternoon. She was not taken to Grady until Thursday. She said several times, nurses said, that she wanted to die.

ONE KILLED, ONE DIES OF SHOCK IN AUTO SMASH

Fredericksburg, Va., August 24.—(AP)—Evelyn Scott, 9, was killed and Mrs. E. G. Barnum, 61, died of shock when two automobiles collided here late last night. Both are of Spotsylvania county. Physicians, finding no evidence of physical injury to Mrs. Barnum, ascribed her death to a heart attack occasioned by shock.

Cool Weather, With Cloudy Skies, Today

Cooler weather, which advanced from the far northwest down to northern Texas and Oklahoma Friday, will creep into Atlanta this afternoon to affect the temperatures of the next few days, C. F. von Hermann, United States meteorologist, said Friday. The forecast for today calls for partly cloudy weather with an afternoon thundershower.

Temperatures have been hitting the 80 mark for the past two days, but after Friday's showers the thermometer is not expected to go much above 80 degrees, with the minimums in the 60s.

Friday's thundershower brought the day's fine, fair weather to a temporary halt, with an advance agent in the form of a 25 to 30-mile square of rain falling in the city.

The official report on weather conditions says: "An area of considerably cooler weather covers the Rocky mountain region and there will be a moderate fall in temperature at Atlanta by the close of the week. Light frosts were reported at Williston and North Platte."

CHINESE MASS SLAYER IS HELD FOR JURY ACTION. Suisun, Calif., August 24.—(AP)—Loy Young, Chinese captured at Grass Valley yesterday, and charged with the murder of ten of his fellow countrymen, was bound over to the superior court for trial by Justice of the Peace M. A. Maynard here today.

Officers declared the Chinese had little to say except to remark he wished to have an opportunity to kill half a dozen more Chinese. He remained defiant and in the face of testimony that he had slain ten persons and wounded several others readily admitted his guilt.

Then ten victims were killed when Young, cook on a large ranch, suddenly ran amuck with a gun and half a dozen more Chinese. He remained defiant and in the face of testimony that he had slain ten persons and wounded several others readily admitted his guilt.

Lawyers' Club 'Cue. Local judges and members of the Atlanta Lawyers' club were guests Friday afternoon of Attorney John P. Stewart and Wellborn Cody at a barbecue held on a farm which the two lawyers own in Cobb county near the Chattahoochee bridge on Roswell road.

SIMMONS' POST TO SMITH'S FRIEND

Raleigh, N. C., August 24.—(AP)—Former Governor Cameron Morrison was elected democratic national committee man tonight by the state executive committee here to succeed Senator F. M. Simmons, who recently resigned. Morrison was the only nominee and was elected by acclamation. No other business was transacted by the meeting, which produced no discussion.

Morrison has been a staunch advocate of the candidacy of Governor Alfred E. Smith, of New York, since the Houston convention.

He sounded the opening gun in the Mecklenburg county democratic campaign with a vigorous appeal to democrats to support the party nominee and for the past several weeks has been making speeches over the state in behalf of Governor Smith.

Prominent in state democratic circles for more than 30 years he has been ranked as a life-long prohibitionist and sponsored the state dry law before the Volstead act was passed.

Mr. Morrison is a former governor, having defeated New Max Gardner, the present democratic nominee, in 1923 for the nomination.

FEARING 'SPOOKS,' WOMAN ASKS CELL IN POLICE STATION

A plea that she had been "driven to drink" by the fact that she had to remain in the same house with a corpse helped Fanny Mann, negro housekeeper, to a vigorous appeal Thursday to be placed in a cell in the city jail, where she said she had been "driven to drink" by the fact that she had to remain in the same house with a corpse.

In view of the fact that she could scarcely stand because of the effects of the poison she had taken to keep up her courage, her request was granted at once.

She explained to the judge that one of the negroes who lived in the same house with her had died Thursday. She claimed that the prospect of a sober evening under the same roof with the departed dead had been unbearable and she was forced to seek alcoholic aid.

MAYOR TO AWAIT REPORT ON PROBE

Declaring that he has every confidence in the special council committee probing the purchase of the Perkerson tract for park purposes, Mayor I. N. Ragsdale Friday stated he would await the report of the committee, following starting disbursements at the final hearing of the committee Thursday night, when a contract was exhibited showing that Charles M. Ford, at the time the contract was drawn, was a member of the city council.

Mayor Ragsdale declined to commit himself as to whether he would ask for Mr. Ford's resignation and stated he would await the committee's findings.

"There is no reason to anticipate any action of the committee and I feel that it will do its duty as it sees it," the mayor stated. "If there are grounds which should call for Mr. Ford's resignation, I believe the committee will file such a report."

In the meantime City Attorney James L. Mayson ruled that the purchase of the Perkerson tract is no more illegal because of the existence of the contract than it was at the time it was bought. He ruled that the city could not legally buy it on deferred payments because one council can not bind another.

Councilman John A. White, of the fourth ward, a member of the probing body and chairman of the parks committee of council, announced following the discovery of the document that it would react to add the purchase.

The mayor added that he is making no statement at this time, but if the findings of the committee warrant, he will "not hesitate to act."

"If any of the Perkerson heirs, as owners of the tract had been members of city council when this purchase was negotiated and had any vote or influence in the deal, I would say the contract would be void," said Mr. Mayson.

"The fact that one of the agents for the Perkersons, if true, as alleged, was a member of council and voted for this probe, this agent being a member of general council, might subject this agent to impeachment, but it would void the contract entered into between the owners of the property and the city."

Holds Deal Illegal.

"I advised at the time of the Perkerson tract purchase that the deal was illegal because the city was buying it on credit—that it agreed to pay for the property before the current year. If any member of council or any citizen desires to set it aside, the advice I have given shows the way, and it is not necessary to carry out any new ideas in order to set it aside."

More than 100,000 words have been taken during the half-dozen hearings which the committee has held, and it was freely predicted that the report would not be ready to submit to city council before the regular meeting to be held September 17. In the meantime speculation in the city hall was rife as to just what findings of the committee would be.

Councilman White Friday issued a statement calling on the citizens of Atlanta to rally to the support of the Atlanta park and playground system and to preserve the recreation center, which the city has acquired.

"Just because there seems to be an irregularity in the purchase of the Perkerson tract is no reason why the park system should suffer," Mr. White said. "The parks committee is attempting to establish the best system in the entire south and has acquired a nucleus about which such a system could be constructed."

"The park system is a good thing. It gives children the advantage of supervised playgrounds, keeps them off the streets and away from the wholesome influences, and it furnishes grown-ups recreation resorts at nominal fees. I want to appeal to every

THE WEST POINT ROUTE

**DEFENSE TO ASK
FOR POSTPONEMENT
OF ADAIR TRIALS**

Postponement of the trial of Frank Adair, Forrest Adair, Sr., Forrest Adair, Jr., and E. A. Erwin, on mail fraud charges, from September 24 to a later date, at Gainesville, will be asked of Federal Judge Samuel H. Sibley this morning by counsel for the defense, it was learned Friday.

Reuben R. Arnold, of counsel for the defense, said Friday that the attorneys for the Adairs and Erwin will confer with Judge Sibley regarding the propriety of a postponement, although no formal action for a continuance has been presented as yet. Mr. Arnold said the defense counsel has not had time to prepare its case, as there is a mass of books and papers to be gone over.

At the district attorney's office, it was stated, said Friday that the attorneys will resist any effort to continue the case. One postponement, from August 17 to September 24, has already been granted.

**WOULD DISCONTINUE
FOUR ATLANTA TRAINS**

The Atlanta & West Point railroad Friday filed a petition with the state public service commission asking permission to discontinue trains Nos. 17, 18, 19 and 20 between Atlanta and Newnan. The case will be heard by the commission September 26.

Costume Jewelry

This is to be a season of feminine styles in which beautiful jewelry is the most important note in expressing the individuality so necessary in the costume of the best dressed women in America.

A distinctive ring . . . an unusual brooch . . . bracelets which are beautiful in detail . . . harmonizing with the costume or in pleasing contrast will express your own good taste.

White, green and red gold are used effectively in the costume jewelry shown here, while the color of jade, carnelian, amethyst, black onyx and cloudy crystal in genuine stones create for your costumes an elegance and charm which is essential to the fashion of today.

The smartest styles in rings, brooches, bracelets, necklaces, and chokers are now on display.

**HARDMAN MANAGERS
PRAISE HIS RECORD**

Governor L. G. Hardman has carried out his campaign pledge since he was elected governor and has demonstrated his ability as the chief executive of the state, according to a statement issued Friday by Hicks E. Fort and Sam A. Nunn, manager of the Hardman campaign headquarters.

The only time the governor has not carried out any of his campaign pledges was when "his efforts were deliberately blocked by his antagonists in the general assembly," it was stated.

The statement issued by the Hardman managers is as follows:

"Within less than three weeks the voters of Georgia will express at the polls their choice between two candidates for the governorship of Georgia. The state of Georgia is the greatest business enterprise in Georgia. The voters and taxpayers are its stockholders, vitally interested in its future prosperity."

"We would like to ask those voters, who of these two men they would choose as the president and executive manager of any large business enterprise in which they are interested?"

"The race for the governorship in Georgia this year is the same race that was run twice two years ago, except that L. G. Hardman is again a candidate, under his own name and wearing the same colors, while the opposition is the same political machine, with another man carrying the banner and the same interests behind him. Naturally, the choice for the machine's representative in the gubernatorial office is the man who represented that machine in the senate last year and who by his bitter fight as leader of the senate bloc of obstructionists kept that machine in power."

"Candidate Rivers has repeatedly criticized Governor Hardman for spending huge sums in his campaign, and on more than one occasion has declared that he 'bought the election.' There can be no buyer without a seller. Will Mr. Rivers dare to state that Georgia sold its votes to Governor Hardman? Will he express his belief that any county 'sold' its votes? That statement was an insult to the people of the state, and one which they will resent on September 12."

"The voter who travels through Georgia today and who reads the newspapers and watches the campaign may vainly observe the lavish expenditures of the Rivers' machine forces. Mr. Rivers declares he is a poor man, which is no reflection upon his character; it is apparent, then, that he could not be paying for his expensive campaign. May we ask who is putting up the money? It is the same set of interests who paid for the extravagant but unsuccessful fight against Hardman two years ago?"

Fulfilled Pledges.

"Governor Hardman has carried out every pledge which he made in his campaign for election, except in those instances where his efforts were deliberately blocked by his antagonists in the general assembly."

"While declaring that he is a poor man, Candidate Rivers assures the public that he is an excellent business man and can give the state a business administration. It is true that one bit of business demonstrates his ability—he has himself appointed liquidating agent of the defunct bank at Adel, and also had himself appointed attorney for the liquidating agent—or attorney for himself, to give himself good advice. In these two capacities he secured more than \$500 in agent's fees and more than \$2,000 as attorney's fees—while the capital of the bank was only \$25,000. That does help to prove that Candidate Rivers is a good business man—and perhaps it also explains why he fought so hard against the resolution providing for an investigation of fees paid liquidating agents and their attorneys."

"We believe that Governor Hardman has demonstrated his ability as the chief executive of the state; and we believe the voters of Georgia will grant him the opportunity to carry out the pledges he has made in good faith, most of which would have been fulfilled before this except for his better obstructionist tactics of the senate bloc, directed by their floor leader, Senator E. D. Rivers."

**MANY ANSWER PLEA
OF SALVATION ARMY**

Contributors to the Salvation Army's "moving day" appeal for old clothing and furniture have averaged 60 a day this week, it was reported Thursday by Staff Captain W. H. Range, head of the social service department. A truck is sent on call to Ivy 2224 to collect any material that may be salvaged and sold to support the army's industrial home. Chief of Police James J. Beavers and Fire Chief W. B. Cody both urged response for the appeal.

Special committees of the American Legion, D. A. V., Service Star Legion and American Legion auxiliary are canvassing members of those organizations to obtain contributions.

**CHARGED WITH THEFT
OF DENTAL EQUIPMENT**

Theft of his own dental equipment, at the time in custody of the municipal court under a judgment, was charged Friday in a larceny from house indictment found by the grand jury against Dr. H. W. Lanford, former Atlanta dentist, now believed to be in LaGrange.

Some \$300 worth of equipment had been levied on by Marshal J. M. George, on complaint of the E. D. Webb Dental Manufacturing company, when Lanford, last Monday night, is alleged to have carried it off from his Alabama street office.

A bench warrant has been issued for Dr. Lanford, who has not been served with the paper.

**BAND CONCERT SUNDAY
AT SOLDIERS' HOME**

The Georgia Power Company band will give a concert Sunday afternoon at 3 o'clock at the Confederate Soldiers' home.

The public is cordially invited to attend. There is plenty of parking space near the home and it will be possible for those who attend to sit in their cars and enjoy the concert.

LEGION HOLD FESTIVAL TODAY

The annual American Legion festival, sponsored by the "40 & 8" society, will be held today at the Black Rock Country club. Festivities will open at 1:15 o'clock this afternoon with a golf tournament to decide the championship of the local chapters.

For those who are not golf enthusiasts there will be swimming and boating contests during the afternoon. Beginning at 7 o'clock at night the legionnaires, accompanied by their wives and friends, will assemble in the clubhouse for the annual banquet.

The dance will begin at 8:30 o'clock and will last until midnight, bringing to a close the last social affair of the year.

C. M. TRAMMELL SPEAKS TO EMORY GRADUATES

Judge Charles M. Trammell, of the United States district court at Washington, D. C., speaking at a convocation exercises before the graduating class of Emory university summer school Friday night at the chapel of the university, urged the students to awaken to the possibilities and wonders of the present era. President Harvey W. Cox, president of the university, delivered the diplomas to the forty-three members of the class.

"The burden of tremendous responsibilities in world affairs of necessity fall on the college man, but don't think that for the reason alone that you are a college graduate the world will seek you out for executive or other responsible positions," Judge Trammell said in his address. "Your college education is the foundation. Many college graduates, men of great potential and intellectual power, are slumbering through the greatest and most interesting era in the history of the world. A college degree alone is not sufficient, the world demands service and results."

Judge Trammell said that the time has passed when the college employed officers of the government desired to know with what party a man was affiliated when scientific or professional services were required.

In speaking of loyalty to our form of government, Judge Trammell said: "All colleges and universities should no more contentedly accept a student who lacks faith in our governmental system than a theology school should consider graduating a minister who lacks faith in God."

There is a silver lining to every dark cloud—this is the message of the Ponselle injury.

Every blackened eye may bring a ray of happiness, if one can only find the right beneficiary.

Of course, it is extremely unfortunate that Rosa Ponselle, Atlanta's favorite grand opera soprano, should have been hit in the eye with a golf ball, as told in a news story in Friday's Constitution.

But, to a certain famous individual, there is consolation in the catastrophe. Andy Gump is going to benefit by Miss Ponselle's misfortune.

It has been suggested, by Edward Rutledge, of Atlanta, an ex-senator, the creator of Andy and Min and the other famous cartoon family, that Andy should promptly obtain a picture of Miss Ponselle with the darkened eye and present it to Min.

Then, once and for all, Andy will prove that black eyes may be innocently acquired and infer that the bruised optic of his own that came so near to bringing ruin to the estrangement between Min and himself was just as innocent in origin as the case of Min.

If Andy is half as smart as he pretends to be he will take the hint, get a photo of Miss Ponselle, black eye and all, and forever prove his case to Min.

But it's doubtful if the kitchen mechanic of the Gump household will be convinced, even then.

EARLY ADVENTIST DAYS RECALLED AT CAMP MEETING

Pioneer days, when Seventh Day Adventists who attended camp meetings made their own tents, cooked on open fires, lived out of doors, and under the light of torches sat on rough seats of logs and planks to hear soul-stirring sermons, were recalled Friday by veterans of the movement at the opening of the twenty-eighth annual conference of Seventh Day Adventists of Georgia. This is the fortieth annual camp meeting to be held by them in this state, the first being held in the city of Atlanta 40 years ago with only eight small tents pitched on the ground.

At the night service the Bible prophecies concerning the second coming of Jesus were explained by Pastor J. H. Behrens, dean of theology at Southern Junior college, Ooltewah, Tenn., to the hundreds of people who packed the large pavilion tent.

The return of Jesus, explained Pastor Behrens, is imminent and will be a visible and personal manifestation from heaven in great glory and accompanied by angelic hosts. Immediately following the Lord's appearing, he further explained, the dead will be raised amidst great upheavals in nature and great consternation among ungodly men.

AGED D. A. R. FOUNDER DIES IN WASHINGTON

Washington, August 24.—(AP)—Mrs. Jennie Davis, one of the founders of the Daughters of the American Revolution, is dead here. She was 85 years old.

News of the Churches.

METHODIST.

SARIN METHODIST.

WILKINS OUTLINES POLAR TRIP PLANS

Omaha, Neb., August 24.—(AP)—Captain George Wilkins, Alaska-Spitzbergen flier, faces the task with three companions of flying 2,500 miles in south polar regions and mapping 2,000 miles of coast line in unexplored antarctic lands.

His expedition will not compete with Commander Byrd's, Captain Wilkins said last night in disclosing plans for his trip. Location of a twelfth meteorological station for the international meteorological societies as well as other geographical work will be the principal mission of the expedition, he said.

Leutenant Carl Ben Eielson and two other companions as yet unnamed will leave New York with Captain Wilkins September 22 to join a fleet of Norwegian whalers at Montevideo, Uruguay. In Graham's Land, 800 miles south of Cape Horn, Wilkins party will establish its first base, he said.

A new base for further exploration will be made at Ross Sea, near the Byrd headquarters, following several exploratory flights from the Graham's Land base, Wilkins explained. On the 2,500-mile flight west along the antarctic shores the men will come within 400 miles of the south pole as they map 2,000 miles of coast line, Wilkins declared.

He expects to complete the trip about January 15 and plans a return to America with the whalers probably in March.

AIR MAIL PLANE Carries Valuable Security Shipment

Richmond, Va., August 24.—(AP)—An air mail plane from Atlanta arrived this afternoon with a shipment of securities reported to be the largest ever sent by mail. The securities were immediately turned over to postal officials for delivery to New York bankers whose identity was not made known.

Officials of the Pitcairn company, operators of the New York-Atlanta air mail route, said they did not know how valuable the shipment was but that it was not uncommon to carry securities worth \$1,000,000 or \$2,000,000 in their planes.

CHURCH OF GOD.
Sunday school, 9:45 a. m. Preaching, 10:45 a. m. Evening service, 7:30 p. m.

MURDER JUROR IS FACING CHARGE

Los Angeles, August 24.—(AP)—Superior Judge Fletcher Bowron, presiding over the trial of Leo P. Kelley for the murder of Mrs. Myrtle Mellus, prominent Los Angeles society matron, tonight ordered transcripts of statements of Mrs. Helene E. Brandon sent to the district attorney's office after the woman, drawn as a juror in a trial, testified she had discussed the case with other jurors.

The district attorney's office, through Deputy District Attorney James Costello, in charge of the prosecution of Kelley, said that should evidence of perjury on the part of Mrs. Brandon be discovered the matter would be referred to the grand jury.

Judge Bowron's order grew out of a lively court session today that heard Mrs. Brandon testify that she had talked about the case and then saw Superior Court Judge Emmett Wilson take the stand and deny that she had discussed the death of Mrs. Mellus with him and three other jurors.

Three jurors named by Mrs. Brandon denied they had spoken about the case before they were called on to serve in the Kelley trial. Declaring he did not believe Mrs. Brandon's testimony Judge Bowron ordered the selection of the jury resumed. When court was adjourned for the day nine women and two men comprised the 11 tentative jurors.

Police were called late Friday night to investigate an accident near the intersection of Spring and Marietta streets. Both drivers insisted that they had the green light in their favor at the time of the crash.

J. B. Savage, of Porterville, was driving west on Marietta street, and collided with an automobile driven by Mrs. Mary Murray, of Lithia Springs, who was driving south on Spring street. Mr. Savage's wife, Mrs. Mary, and Howard Savage, who were riding in the Savage automobile, were given emergency treatment at Grady hospital. Other occupants of the machine were not hurt. Mr. Murray and Miss Helen Blair, also of Lithia Springs, who was riding with her, escaped without injury.

A bill board at the corner of Spring and Simpson streets Friday night probably prevented serious injuries to occupants of an automobile which crashed into it in an effort to avoid another car. The billboard prevented the machine going over a steep embankment. According to witnesses, one was injured and no police report has been made. Names of the occupants of the car were not given.

Mr. Murray and Miss Helen Blair, also of Lithia Springs, who was riding with her, escaped without injury.

A bill board at the corner of Spring and Simpson streets Friday night probably prevented serious injuries to occupants of an automobile which crashed into it in an effort to avoid another car. The billboard prevented the machine going over a steep embankment. According to witnesses, one was injured and no police report has been made. Names of the occupants of the car were not given.</

ROBINSON SPEEDS
HOME FOR FETE

On Board Robinson Special Car, En Route From New York to Little Rock, Cleveland, Ohio, August 24.—(AP)—Homebound for formal notification of his selection as vice presidential nominee, Senator Joe Robinson spent most of today on the train catching up with private correspondence.

The dining compartment of his private car was transformed into an office and for several hours he and his secretary, Carey W. Martin, were hard at work. Twice they were interrupted by members of the train crew who came to the rear of the train to take a look at the senator, who conversed with them for a few minutes.

Trainmen for Smith.
One and all of the trainmen assured him that they were going to support the Smith-Robinson ticket. The senator said that he would be glad to have the formal notification at Hot Springs, Ark., six days hence, over with, declaring with a smile that he was ready to get into the campaign. He read the morning papers carefully, manifesting keen interest in the comment on Governor Smith's recent speech and his own reaction to the reaction as most satisfactory.

Mr. Robinson several times during the day spoke of the homecoming celebration being prepared for him at Leno, Ark., his birthplace, the day after his notification. He said that he was looking forward to the occasion to meeting many friends he has not seen in years.

Recovers from Cold.
The senator has recovered completely from a cold which was annoying him when he left for the east last week and pronounced himself in trim for the campaign. He expects to travel in a private car in which he will have an office and a corps of secretaries and stenographers.

Arrangements for the car are being made at present by the democratic national committee.

FIRST BYRD SHIP
WILL SAIL TODAY

Continued from First Page.

of New York, it was announced, Green-son will take one of the later vessels.

BYRD POLAR PLANE
LANDS AT GOTHAM

New York, August 24.—(AP)—The tri-motored Ford monoplane, Flyer, which was flown by Commander Richard E. Byrd, landed at the Metropolitan district today for final tests and for the installation of radio apparatus.

The plane, piloted by Dean Smith and Berni Balchen, two pilots on the Byrd antarctic expedition, landed at Miller field, Staten Island, near the airport, New Jersey, where next week it will have final tests and the radio installations.

The Ford and the Fairchild are to be taken south on the freighter Chelsea, sailing from Hoboken about September 15, for Dunedin, New Zealand, where the Byrd fleet is to assemble for its advance on the south polar continent.

The Flyer, named after the late pilot who flew over the pole, was specially designed for the hazardous adventure on the land of ice and storm. In the cabin, which can carry 14 passengers, four gas turbine tanks have been installed. Elaborate navigating instruments are in the cockpit.

The battery of motors comprise a 500-horsepower Wright Cyclone, installed in the nose, and two Wright Whirlwinds of 150 horsepower each, under the wings. The gasoline tanks have a capacity of 1,000 gallons.

The motors themselves and the fuel tanks will be protected by the 60-horsepower weather of the antarctic by heavy asbestos sheathing.

Four or five men, embracing Commander Byrd and the three pilots, will be aboard the plane when she takes off from the expedition's base on the Ross sea ice barrier to the south pole, 800 miles distant.

Well, the Ocean's Near.

New York, August 24.—Rocket cars are being built in Germany for demonstration at Daytona Beach, Fla., next winter, and the inventor hopes to get a speed of 400 miles an hour.

Dr. Karl George Kuehl, brother-in-law of the inventor, Fritz von Opel, has arrived here to make arrangements. He says when the rocket car killed its own occupant, a cat, more than 600 women, principally Americans, wrote protests.

Redfern's Family Still Hopes
Missing Flier May Be Living

AVIATOR TOOK OFF YEAR AGO TODAY

Columbia, S. C., August 24.—(AP)—Tonight, the one of the first anniversary of his flight into the unknown on his attempted hop from Brunswick, Ga., to Rio de Janeiro, found the parents of Paul Redfern, missing aviator, still hopeful that he is alive.

Heartened by the possibility that a storm swept the airman off his course deep into the jungles of Brazil and the fact that no wreckage of his plane had ever been found in the Caribbean sea, Dr. Frederick S. Redfern tonight told reminiscences of his son's early interest in aviation and his precocious development in the science, hoping that Paul Redfern still lives somewhere in the interior of South America and making his way to the coast and civilization.

Left August 25.
The missing flier left Brunswick August 25, last year, on an attempted 4,000 mile nonstop flight to Rio de Janeiro. On the following day a plane believed to have been his was sighted flying from Tokyo toward the north-eastern coast of South America. No word from the flier has been received since then.

"We still believe that Paul reached land," said his father tonight. "No trace of wreckage of the plane was ever sighted in that much-travelled sea."

Tracing the course planned by the flier over a map, Dr. Redfern said, "We are sending out inquiries and are following up reports that his plane was sighted by natives in the interior. It is entirely possible that a storm turned him completely off his course enough to have carried him to the high lands in western Brazil."

CONSTITUTION TEST
FOR "IT" GIRL BEGUN

Continued from First Page.

testing time to allow the young lady opportunity to become thoroughly acclimated to the stage and to appear under the most favorable conditions. At the end of that time, if she shows sufficient talent, she will be engaged as a "single" feature at \$125 per week to play Public theaters all over the country.

The most handsome prize offered yet in an opportunity contest!

What an opportunity for some Atlanta girl! Nothing mythical, or hazardous! All an actuality, backed by the high reputation of the Public theaters and the influence of the public good will toward the Public theaters, as her open sesame to the good graces of the audience world.

The contest opens today. Read the rules published herewith. Fill out the coupon. Mail it to the Personality Girl Editor of The Constitution. When you are called upon for preliminary audition, report promptly. Hundreds of girls will answer the call. Avoid delay by doing exactly what the instructions say.

Daily Auditions.
But enter today! The earliest applicants will get the first auditions, which will be given every morning between 9 and 11 o'clock at the Howard theater. You will be notified then and there whether you will be included in the final auditions, when the "runners-up" will appear in sets on separate days, as part of the regular stage show, so that the audience can help new judges. In the final analysis, the theater-goers of Atlanta will choose their own "Personality Girl," the committee of judges merely making the choice of the applicant.

Here are the rules:
1. Contestant must be between 18 and 25 years of age, and unmarried.
2. She must have personality capable of developments for the stage.
3. She must be beautiful and talented.
4. Singers, dancers, instrumentalists are wanted, particularly "personality" girls.
5. The application coupon must be filled out completely and mailed to the Personality Girl Editor of The Constitution.
6. Address all communications to the Personality Girl Editor of The Constitution.

Only One Prize.
7. There is only one prize—first prize. Two alternates will be chosen in case the winner is unable to comply with the requirements. The prize is a four weeks engagement at the Howard theater at \$75 per week, as one of the stars in the Public stage productions. If after that time, then the winner will be given a sufficient worthy, the winner will be given an option on her services at \$25 per week for a period of four weeks.

Dr. Karl George Kuehl, brother-in-law of the inventor, Fritz von Opel, has arrived here to make arrangements. He says when the rocket car killed its own occupant, a cat, more than 600 women, principally Americans, wrote protests.

TILDEN REFUSES
TO COMMENT

Boston, August 25.—(AP)—William T. Tilden, II, who has temporarily abandoned the tennis courts for the vaudeville stage, this morning refused to comment on the adverse decision of the executive committee of the United States Lawn Tennis association, which barred him from defending the title he shares with Francis T. I. T. ham, about 10 miles from Boston.

Even before the hearing opened, Tilden predicted that he would be convicted, and when he learned of the decision he said he had nothing to add to his defense of the charges which he submitted to the committee in writing several days ago.

Friends of the former champion, however, intimated he would seek reinstatement at the September meeting of the executive committee.

Police Ordered To Measure
Tail Length of Stray Dog

HIGH BRITISH OFFICIAL STARTS CRUSADE

London, August 24.—(AP)—All Londoners were told today when it became known that Home Secretary J. H. Hicks had issued an order to dignified London policemen to measure the tails of stray dogs.

The idea behind the order is to help identify the dog to its possible owner by using tail lengths, just as finger prints are used in the case of humans.

the commissioner's investigation showed, had telescoped the rear of the ninth car.

Wall Crumbles Car.
The other half of the car crumpled beside the smashed wall, its massive structure being crushed between the two smashed portions of the car lay other bits of wreckage, including a huge, ragged chunk of steel, and there bits of human wreckage yet to be cleared away. No other parts of the train were badly battered.

JOHN COOLIDGE TIRED
OF VACATION PLACE

Continued from First Page.

Superior, Wis., August 24.—(AP)—Although President Coolidge has on different occasions expressed the thought that he would like to retire to Cedar Island lodge, his son John is said to be anticipating the departure in the fall.

One of the men who do you do at Cedar Island lodge?" John was asked.

SHIP FUMIGATION
FATAL TO SEVEN

Continued from First Page.

the wireless summoned pumpmoters and other aid, to the ship a mile off-shore. Convinced that the stowaways must have been hiding away in the hold of the ship's crew, Leon R. Fouch, acting commissioner of immigration here, declared some one must have done so.

He was called upon to act in the matter of the stowaways, which he did by their fate after dropping the rope through the ventilator. Fresh food and water and the presence of some lumber where the stowaways had burrowed into the cargo to make quarters for themselves, added to his conviction that the stowaways were in some of the crew, all of whom he ordered held on the ship while the investigation was conducted.

NEW R. O. T. C. OFFICER
FOR UNIVERSITY UNIT

Continued from First Page.

Captain Joseph I. Lambert, United States Army, has been detailed to report for duty with the R. O. T. C. unit at the University of Georgia. He was announced Friday at the headquarters of the unit at the University of Georgia.

Lambert at the present time is stationed at the Presidio, at Monterey, Calif.

Crash Is Loud

Continued from First Page.

The crash occurred just above 40th street and was heard for almost a block away from numerous subway entrances. The crash was heard by the hundreds of thousands using the subway daily.

Detective William B. Kirk, standing at the 40th street entrance, heard the crash and the noise of breaking steel, and the cries of the injured. Smoke almost immediately poured from the subway gratings in the street that allow air to enter the subterranean passages.

Amalgams Appear

Continued from First Page.

As firemen, policemen, subway guards and many passengers gathered about the wreckage, the smoke to organize rescue parties, the first of the ambulance men appeared. Within an hour all four dead and injured had been removed and gangs of subway workers strove to clear the tangled remains of the car and restore service.

Twisted Steel and Gay Posters
Part of Shrouded Wreck Scene

POLICE AND FIREMEN MAINTAIN ORDER

New York, August 24.—(AP)—While 500 grim and perspiring workmen desperately cut away with acetylene torches at the big steel express cars wrecked in the subway crash in Times Square, traffic in New York's busiest thoroughfare was completely tied up virtually all night.

At midnight, nearly nine hours after the crash, police estimated that it would take until nearly dawn to clear the tracks.

Bits of Gay Posters

Continued from First Page.

About 500 feet beyond the southern end of the platform—vividly illumined by electric searchlights and sparks from the acetylene torches, lay the wrecks of one and possibly two cars, twisted, jagged masses of steel and broken glass and blood-stained matted, covered seats, here and there a gay-colored advertising poster came from the wreckage, and a red, checked baby eating breakfast food. Bits of clothing lay about. Carefully folded coats and hats were seen by a newspaper sports extra.

Men Flood Along

Continued from First Page.

Occasionally came a muffled "gangway" as a dozen men came plodding along, pushing ahead of them a hand-bag or a huge, ragged chunk of steel. On return trips the handbags would bring big tanks of acetylene gas.

Dily dast, stirred up by the crash, hung heavily in the air. The heat was intense.

INJURIES RECEIVED
IN AUTO WRECK
FATAL TO SALESMAN

Continued from First Page.

Laurel, Miss., August 24.—(AP)—O. E. Halbert, traveling salesman of this city, is dead here today from injuries received in an automobile accident.

Halbert suffered fatal injuries yesterday afternoon in a collision. His 1928 Buick sedan was struck by the rear of a car and he died to death before medical aid could reach him. Halbert is survived by a widow and other relatives.

GREATER ROCKFORD
FAILS TO KEEP DATE

Continued from First Page.

The messages received today were all similar in text, stating that the plane had been forced down on a small island about 100 miles north of Newfoundland; that the fliers were safe, but were out of food; that a failing oil feed line forced them down, and that they were using a generator for a transmitter.

It was pointed out that neither Hassell nor Cramer was capable of sending such a message, said the plane's radio operated on a 22.5 meter wave length, whereas the messages were picked up on 22 and 43-meter wave lengths.

Errors Are Shown

Continued from First Page.

Mix, in pointing out that neither Hassell nor Cramer was capable of sending such a message, said the plane's radio operated on a 22.5 meter wave length, whereas the messages were picked up on 22 and 43-meter wave lengths.

OCEAN GAMBLING
SHIP IS 'PULLED'

San Pedro, Calif., August 24.—(AP)—Government officers who yesterday seized the gambling ship Johanna Smith under an ancient statute written against pirate craft were written, at least temporarily today in their efforts to bring the prize to port.

Vincent Mangerino, United States
deputy marshal, who boarded the
"floating Monte Carlo" said the crew
of the ship disabled the winches and
coast guardsmen called to assist him
were unable to raise the anchor. The
craft still rode lazily on the swells
seven miles off Long Beach, where,
according to police, nightly revels have
been in progress.Meanwhile Albert Haward, alleged
owner, was being held in Los Angeles
under a federal court order which
placed the Johanna Smith under \$200,000 bail. The crew of 30 men was
brought ashore.Mangerino said bolts had been re-
moved from the winches, and so far
efforts to replace them had failed. A
call was sent here for ship derricks
to raise the heavy sea anchor.The ship was captured by the govern-
ment yesterday, two months after
the alleged owner, Albert Haward, had
set up gambling operations on it 12
miles off the coast, and defied every
effort of Los Angeles and Orange
county police to crimp his business.Before he surrendered, it was neces-
sary to resort to radio call. A to a
United States guard cutter to force
his hand, after which the government
captured the ship, its crew of 30
Felix Smith, who was held by the
United States marshal's office to-
day pending further action, while his
ship was under \$200,000 bond. The
crew was released.It was a statute enacted in 1793,
that was invoked to end the gambling
activities. Originally aimed at pri-
vate ships, the statute provided for for-
feiture of a ship and all contents when
employed for any trade other than that
for which it was licensed.The Johanna Smith had been licensed
for coastal trade and a writ of at-
tachment issued by federal court. A to a
Los Angeles yesterday was based on
the charge that it had been operating
as a gambling barge.Three deputy United States marsh-
als attempted to serve the writ but
when they boarded the ship, the crew
appeared distinctly intelligent. A to a
call to a coast guard cutter brought
15 armed men who took the ship in
charge. The marshals found \$11,000
in the ship's strong boxes.County authorities had been helpless
to take any action because of the
ship's location out of the jurisdiction.
Crowds estimated at 300 to 400 had
visited the ship nightly, police said,
although no liquor was allowed on board.Hage & Hage sells for 5c
or \$1.00 per case 2 doz.
You could not buy a better
ginger ale if you paid a dollar
a bottle. Is it a good
mixer? Just try a bottle.

Miss Turk Weds Mr. Williams At High Noon Ceremony Today

The wedding of Miss Rhoda Turk and Thomas Humes Williams, which will be celebrated at a high noon ceremony, adds today's social calendar with parties honoring recent brides and future brides next in importance.

Social affairs complementing visitors also play a conspicuous part in today's social program as well as the dinner dances scheduled at the Piedmont Driving club and the East Lake Country club.

Week-end motor parties will be a diversion for members of the younger set, who will be popular figures attending the Saturday evening dances at nearby summer resorts including Lookout Mountain, Chattanooga, Tenn.; Cloudland, Warm Springs, White Sulphur Springs and Lakemont.

Louisville Visitor Honored at Bridge.

Miss Mary Helen Buschmeyer, of Louisville, Ky., who is visiting Miss Elizabeth Jones, of Decatur, was entertained Wednesday at a bridge party by her hostess, Mrs. Wiley Jones and Mrs. W. K. Shepard assisted in entertaining.

Mrs. Crumley Honors Mrs. Spencer Turner.

Mrs. J. R. Crumley was hostess at a surprise shower Tuesday afternoon at her home on Hyman street, honoring Mrs. Spencer Turner, the contest first prizes were won by Mrs. Jack Montgomery and Mrs. Elmo Graves, the consolation prizes cut by Mrs. R. T. Dottery and Mrs. M. F. Southland.

Those present were Mesdames L. R. Driskoll, A. W. Allen, J. J. Dale, M. H. Sims, W. D. Moore, Elmo Graves, Jack Montgomery, M. F. Southland, R. T. Dottery, Hortense Sprattling and J. R. Crumley.

Miss Jane Dillon To Keep Open House.

Miss Jane Dillon will be hostess at an open house Sunday afternoon at her home on Piedmont avenue from 4 to 6 o'clock to say farewell to her many friends before leaving for the University of Illinois next week to resume her studies.

Miss Huncutt Returns From Camp Nakawana.

Miss Ruth Huncutt returned yesterday from Camp Nakawana, near Maryland, Tenn., where she has been attending the Junior League, spending more than the required number of distinctions, and was elected a member of the Nature club, which requires a member to make more than eight distinctions before being enrolled in the club.

Miss Hightower Gives Party to Veterans.

Miss Mary Elizabeth Hightower with a group of friends entertained the veterans at the Soldiers' Home with a watermelon cutting last Tuesday in the grove adjacent to the home. A concert was given by the police band, which was enjoyed by the men in the hospital as well as those able to be about. George W. Lytle, alderman from the eleventh ward, played the new Orthophonic victrola, the new musical instrument for the parks.

Those invited were Mesdames Stafford Seidel, L. A. Clement, J. P. Armstrong, D. F. Stevenson, Alvin D. Kaiser, G. E. Cooper, W. L. Inglis, Ernest M. Miller, Jack Mayes, Misses Sophia Myers, Rachel Rainey, Lillian Henderson and T. F. Hemminger.

Miss Jane Lynch Is Honor Guest.

Miss Katherine Jenkins was hostess at a swimming party followed by a luncheon Friday morning at 11 o'clock at the Piedmont Driving club, honoring her guest, Miss Jane Lynch, of New York.

Covers were placed for Miss Lynch, Miss Constance Adams, Miss Celeste Martin, Miss Lucille Jordan, Miss Ruth Wright, Miss Louise Robert, Miss Margaret Underwood, Miss Frances Clarke, Miss Peggy Smith, Miss Mamie Raine, Miss Margaret Anderson, Miss Mary Meador Goldsmith, Miss Elizabeth Whitman, Miss Eleanor Williams, Miss Emogene Arley and Miss Jenkins.

Mrs. Robert Pegram Is Honored by Mrs. Williams

Asheville, N. C., August 24.—Mrs. Robert Pegram, III, of Atlanta, was guest of honor at a luncheon Thursday at the Biltmore Forest club, given by Mrs. Oscar Williams, of New York and Short Hills, N. J.

Pegram and Mrs. Williams have spent the past two months at Grove Park inn, and most of the guests were visitors at that hotel, including Mrs. A. J. Orme, Mrs. James L. Dickey, of Atlanta; Mrs. C. L. Dingerfield, of Norfolk, Va.; Mrs. Marshall Fuller, of Fort Worth, Texas; Mrs. Houston Dudley, of Nashville; Mrs. John Stevens, of Charlotte; Mrs. H. H. Watkins, of Anderson, S. C.; Mrs. J. O. Self, of Greenwood, S. C.

The table decorations were in pink, the centerpiece of glass.

On the same day a luncheon was tendered the archery team of the Greystone Camp for Girls at Tuxedo by Grove Park inn preceding an exhibition of their skill by these young Dianas on the new archery range within the hotel grounds below the tennis court.

A special event in sports next week will be an invitation tournament arranged by Grove Park inn at Asheville, where men and women, and their friends, the grand trophy for low score will be a hand-hammered piece of silver and other prizes will be suit length of Baltimore homespun and sets of golf balls.

The campers called at three other famous summer camps, Camp Carolina, Camp Sapphire and Camp Lands, and will spend the remainder of the fortnight in Stephens county, in the north Georgia, where they will carry on excavations in an Indian mound, which has never yet been explored.

THE GUMPS—AT LAST—PERPETUAL MOTION

The Taming of Elizabeth

By WINIFRED BOGGS

SYNOPSIS.
The young Elizabeth is the adopted daughter of Tim and Elizabeth Parry. When she is four years old she runs away from home to avoid punishment for getting into mischief. She is brought home promptly by a neighbor, Miss Smiley.
At 12, Elizabeth runs away again, this time from school and to the home of her Aunt Dolly, in London. Dolly, who is almost as flighty as the young Elizabeth, sympathizes with her niece, much to the irritation of her stepson, Stephen Whitby. After the death of her parents Elizabeth goes to live with her aunt. During the war they keep themselves busy and also amused by performing in amateur theatricals for the benefit of wounded soldiers. Stephen, home on leave, is asked by his stepmother to bring Mark Lennox, a young playwright, to one of their performances. Shortly after the end of the war Mrs. Whitby dies suddenly in Brighton, and Elizabeth leaves to her stepmother that her aunt had frittered away the money left her by her husband, and also disapproved of some of Stephen's inheritance as well. Elizabeth decides to go to Mark Lennox in London and ask him to get her a job on the stage. Stephen finds her with Mark and, although his business has failed, he offers to help her. She refuses his help and advice, and takes a job in Mark's new play. On the opening night she gets stage fright and runs off, leaving an understudy to take over her part. Miss Smiley, who happens to be in London visiting her cousin, Mrs. White, sees Elizabeth on the stage. The latter takes her to Mrs. White's house. The latter offers her a job of bookkeeper and Elizabeth accepts. But she fails in this job, too, and then lands a post as companion to an old lady in the country. Julia Vestington, the old lady's grandniece, makes all the arrangements with her cousin, William Whitby, to bring her to the management of the latter's business.
Elizabeth grows fond of Mrs. Vestington, who showers attention upon her, but the girl misses her youthful companionship and acquires a mystery about the house.

INSTALLMENT XLVII.
BLOSSOM SPEAKS.
Something told Elizabeth that Blossom had hated the poor dead mad girl, that her hatred lived on, had passed from the dead to the living object. A foolish, purposeless hatred, but not to be denied.
"Elizabeth, was that her name?" she asked quickly. "Why did you hate her? Why do you hate me now? I have nothing to do with it."
"You bring it back . . . him and her."
"Who was he?"
"Dr. Bullet, him as kept the asylum; friends was more, more friends as you might say; then she come along with her beauty and her money, and he had to have both. It was the way he was. But he never had the money after all; she brought him ill luck, and you with the same name and hair and eyes."
"Why was she mad?" faltered Elizabeth.
Blossom laughed harshly. "Maybe because she did not know what was good for her—her to turn up her nose at the likes of him! A handsome gent like that and her makin' all that fuss."
"You mean she had a love affair and that sent her mad?" He liked someone else better and she could not bear it."
"Maybe, young miss, maybe not. Anyway and she was. In the end t' any rate. Everythin' ready for the wedding and she dressed up lovely, though lookin' like a queer ghost, just left alone for a matter of a few minutes, for the first time she'd come to the place . . . and then to find her like that!"
"Like what?" breathed Elizabeth. Yet she had no need to ask; she knew.
"Hangin' from the top bar of the window, all strangled to her lace veil, her face."
"Don't!" screamed Elizabeth. "She keeps it turned from me. When she turns around I shall know."
"I dunno what you mean. What have you to do with it? She as went that mad she hanged herself rather than marry a fine, handsome gent an' think herself lucky considerin'."
"Considering what? She was young, pretty, rich. Why should it be lucky for her to marry that wicked man—for I know he was wicked?" Blossom gave an obscene chuckle. "Girls will be girls, but some as got to pay; there's some as 'ave 'ad the nerve to get rid of it as find themselves in prison with a rope nigh. She 'ad only to marry a fine, handsome gent."
"But if she did not like him?" She had not understood the woman's implication. She was thinking of the unhappy girl immured in this terrible place, beyond the reach of help or pity, till at last she went mad there and killed herself terribly. "She did it on the iron bar in my room," she cried thickly. "It isn't the bough of the tree tapping on the window after all, it is her fingers warning me, telling me to escape."
Blossom looked her contempt. "You

Helen Wills Enters Semi-Finals of National Net Tourney

Mrs. Bundy, Net Veteran, Is Defeated

Helen Jacobs Wins Way to Semi-Finals at Forest Hills.

BY F. G. VOSBURGH, Associated Press Sports Writer. Forest Hills, N. Y., August 24.—(AP) Drama in three acts was staged in the women's national tennis championship today as the famous playing mothers, Mrs. May Sutton Bundy and Mrs. Hazel Hotchkiss Wightman, were eliminated after a memorable struggle between themselves and Miss Helen Wills. Wills fought off the first real challenge she has received this year.

Most melodramatic of all was the first act, in which Mrs. Wightman, of Boston, who won this same championship back in 1900, downed Mrs. May Bundy, of Santa Monica, Calif., by 6-4, 11-9, with a masterly display of teasing, chopping, sharp shooting tennis. That was in the first round. Then in the afternoon Mrs. Wightman found herself in turn playing the minor role and going down to inexorable defeat before one of California's youthful best, Miss Edith Cross, of San Francisco, 6-3, 6-4.

A Real Test. Act three featured Miss Wills in her first real test of the year. Mrs. Charlotte Hosmer Chapin gave back stroke for stroke before she went down to defeat, 6-2, before the world champion's harder stroking. To Mrs. Chapin went the consolation of having taken more games from Miss Wills than the queen of the courts has lost to any other player in winning the championships of the United States, England and France in the past year. These were the dramatic high spots as a tennis double-header, necessitated by the bad weather of the last two days, reduced the field in the running for the coronet worn by Miss Wills to four—herself, Miss Cross, Mrs. Molla Mallory, of New York, eight times champion, and Miss Helen Jacobs, of Santa Barbara, Calif. This California placed three daughters in the semi-finals, while Miss Wills stood out as the lone hope of the east.

Miss Wills and Mrs. Wightman, paired in doubles in quest of the championship, but Mrs. Wightman, who is to take on Miss Cross while Mrs. Mallory encounters Miss Jacobs an hour later. The semi-finals in doubles were to be held Sunday afternoon although no admission can be charged because of a local ordinance.

Of the four who reached the semi-finals today Mrs. Mallory had the narrowest escape. Pitted against young Miss Marjorie Mott, of Dedham, Mass., Mrs. Mallory won by a score of 6-2, 6-0, but she was not at her best. She was the veteran who had the greater reserve of strength and steadiness.

Taking advantage of the apparent nervousness on the part of her opponent which caused the latter to dub several chances for kills, Mrs. Mallory went on to win by 6-2, 6-0, 6-3, with the gallery applauding her every stroke.

Easy Victories. In the morning Mrs. Mallory scored with comparative ease over Miss Virginia Hillary, of Philadelphia, 6-2, 6-4, as did Miss Wills over Mrs. L. A. Harper, of New York, 6-2, 6-0.

Miss Jacobs, the only one of the four who was called upon to play but one singles match, won in the third round by the defeat of Mrs. Lillian Scherman Hester, New York, whose daughter is ill. In the afternoon the stock, hard-hitting California steamroller Miss Edith Cross, of Richmond, Va., 6-4, 6-1.

Although featuring younger and faster players, none of the day's matches would outstrip in tenseness and determination the "battle of the quarter century" in which the two champions of almost that age, Helen Wills and her rival, Edith Cross, of Richmond, Va., were pitted.

GENE ENTERS IRELAND WITH KING'S WELCOME

Crowds Cheer Ex-Champ in Fatherland

Dublin, August 24.—(AP)—Gene Tunney today was in the land of his ancestors and he was accorded a welcome greater than any king ever has received at the hands of the Irish.

Notwithstanding a typical Irish downpour, thousands of persons waited on the streets to welcome and cheer the ex-champion boxer.

When the steamer from Holyhead arrived at Kingstown nobody was permitted to land until the reception committee, which included John McCormack, the tenor; Major Fitzmaurice, transatlantic flier and General O'Duffy, chief of police, had gone aboard to wish the visitor "good mornin'."

Gene landed amid the strains rendered by a band of pipers, and entered one of a fleet of decorated motorcars displaying the Stars and Stripes and the Irish tricolor.

Despite his expressed hope to be allowed to enter the city quietly, the people insisted upon their hero's arrival and Tunney's drive to Dublin was a triumphal procession with the greatest of excitement manifest everywhere.

Interviewed upon his arrival at the hotel Gene said: "I never before have had such a welcome. Look at those thousands out there in the rain. All they can hope for from me is a glance. They can't even hope for any conversation." He declared himself delighted with the appearance of the city, with its splendid buildings and pleasant homes.

President Cosgrave's reception of him with the honor of a great welcome, he said. "He is a perfect gentleman."

At the quiet moment at the end of the day the former boxer conferred to friends that he would be "very glad when all this hero worship is over."

He was to be in the city for a few days, he said, before he would return to his home in New York. He was to be in the city for a few days, he said, before he would return to his home in New York.

Evans Beaten Jack Mooney In Semi-Final Round, 3 and 2 At Nashville

Novotny and Dolp Meet Today in 36-Hole Match for Western Title.

Bob O'Link Club, Chicago, August 24.—(AP) A cat may have nine lives, but it seems that Chick Evans can not have nine western amateur golf championships. He failed for the fourth time today in his quest for the ninth title, but his elimination in the semi-finals, 3 and 2, by Frank Dolp, of Portland, was long delayed by the Oregonian who played so liberally that both opponent and gallery were able to take short naps between shots.

After the painfully methodical Dolp finally won after nearly seven hours and got the right to contest the finals for his second title with Gus Novotny, a Czechoslovak Bohemian extraction, who defeated Lawrence Moller, of Quincy, Ill., a Notre Dame golfer, 4 and 3.

Alphonse and Gaston. Chick Dolp won Evans down with his tortoise pace, whether he could not recover from the slump that obsessed him at the start of the match, or whether he was the winner did not matter. He had exhibited previously. It was rather a game of trying to give away strokes, for neither could take consistent advantage of the other's frequent mistakes.

In the other match it was much the same as to quality of golf, but it provided more thrills than the large gallery saw in following Evans and Dolp. Evans finally awoke to find himself out of the race, and yawning wearily, said in explanation of his inability to play well: "It is just one of those days."

Dolp and Novotny must have dozed off a few times on the first round, for he missed three baby putts, stealing Chick's specialty in that department. Evans finally failed on one at the thirty-first hole where he had a chance for an easy half that would have left him one down and five to play.

A novelty for Evans was the fact that he never was up during the match. Novotny, like Dolp, was never down. Both he and Moller started wildly, but Novotny steadied and soon ran his lead to 7 up.

The second round witnessed the passing of such notables as Dexter Cummings, twice intercollegiate champion for Yale, and the South Carolina last year at Princeton; Jimmy Manton, of St. Louis; and Jimmy Ward, of Kansas City. The third round saw the elimination of O. F. Willing, of Portland, Pacific northwest amateur and open titleholder, and then today left Chick Dolp, of Portland, as the only one left standing.

Novotny and Dolp will play 36 holes in the finals tomorrow. The game was to have been played on the Henry Gray field, but due to a heavy rain the field was switched to Piedmont park diamond.

With the disadvantage of having lost the first game of the series the Druid Hills club will go into the fray with a keen determination to triumph and even the score made against them in the final round. Edgewood walked off with a 7-6-3 decision.

That setback only caused them to swing the match more vigorously. Manager Roberts believes his boys will make the series all-even and send it into the third tilt. Howard, of Edgewood, and Fox, of Druid Hills, two leaders among the pitchers of the two S. A. A. leagues, will take the mound today.

Novotny and Dolp will play 36 holes in the finals tomorrow. The game was to have been played on the Henry Gray field, but due to a heavy rain the field was switched to Piedmont park diamond.

Candler Park Course Will Be Opened Today

Mayor Ragsdale Will Drive First Ball at Opening of New Nine-Hole Layout.

New and untraversed greens and fairways will be open this afternoon for the exploration of local municipal golfers when the recently completed Candler park golf course will be officially dedicated.

Mayor Ragsdale will play the role of initiator when he will mount the first tee and drive a ball down the fairway. Other official exercises will take place, including speeches by councilmen of the ninth ward, to be followed by the serving of refreshments in the club house.

This newest municipal golf course is ideally situated in the hills which decorate the landscape in the vicinity of Candler park, and it is expected that a number of golfers will be won over by the natural advantages of the course. The new links have been carefully planned and laid out, embracing nine holes, totalling 2,145 yards in length with a par figure of 51. All of the greens have been sodded in Bermuda grass.

Lanier (Haw-Haw) Reed has been recommended to serve in capacity of professional for the club. Mr. Reed is one of Atlanta's most accomplished and experienced municipal golfers and his many friends believe he would be a good man for the position. He is a young but seasoned golfer of much skill, having the honor of making three holes-in-one on the Piedmont course.

He is also holder of the record on the Black Rock Country club course, with a score of 34 on the first nine holes.

The property of the beautiful course was a most gracious gift of Asa G. Candler, who donated the plot with the understanding that it be converted into a municipal course.

REARS RALLY TO WIN. Nashville, Tenn., August 24.—(AP) Rallyed in the sixth round of the S. A. A. title battle, the third game of the series, Nashville's team won by a score of 3 and 2, defeating the team of the S. A. A. title battle.

U.S. Net Team Named Today; Play Sept. 1-3

Young Star Will Be Considered for Team; Helen Wills May Compete.

BY WALTER TRUMBULL. (Copyright, 1928, by North American Newspaper Alliance.)

New York, August 24.—The United States squad, for the matches with the French and English tennis players now on this side of the water, will be picked tomorrow. The selections are in the hands of the Davis cup selection committee, of which Charles Garland is chairman.

The team matches with the English will be played at Forest Hills on September 1 and 2. The Britons, Austin Gregory, Collins and Higgs, are now at Newport, but will return to New York some time to get in a little practice on the courts at the West Side club.

The team matches with the French are scheduled for September 2 and 3. While such stars as Borotra, Cochet and Brugnon are on the French team, it is noticeable that the brilliant young Houseaux, Landry and Rene De Bozelet, also are members of the squad, and they are certain to play with considerable effect.

Preparing for Future. France is wisely preparing for the future. Lacoste talks of retiring from competition and Borotra is becoming more and more immersed in business, but the French are training younger players to take their places when needed. Borotra recently took a vacation in the United States and played several matches in the United States and won them.

It is the aim of the United States selection committee to take a lead over the French book. In picking the squad for these coming team matches stress will be placed on youth. The final of the national doubles in Boston might have something to do with the selection of players for the first match with the English, as the Boston final also is scheduled for September 1.

But the policy of the committee means that while the English are doubled up on the squad, as much chance as is possible will be given to younger players. The committee is looking for a Bell and junior team. It is from such players that our future Davis cup teams must be chosen.

About Helen Play. These players will compete in the national singles championship, beginning at Forest Hills on September 1. I wrote a few days ago that it seemed a pity that Helen Wills, couldn't play in this tournament and I see that Mary K. Browne quotes Wills as saying that she would love to enter, and quotes Sumner Hardy as saying there is no rule to preclude it.

The rule on qualifications certainly does not use the word "man." It says "player." But I am afraid that the title of the tournament still would be held to mean male, even in this day of advanced feminism.

I ask Louis C. Carruthers, chairman of the national singles championship committee, about the matter and Mr. Carruthers answered that the committee never had been brought up, but that he was of the opinion that his committee would not be inclined to make a mixed tournament of it, and that he feared any entry by Miss Wills would be to the regret of the committee.

The committee has to be consulted on the entries of August 30. As a matter of fact, I am not sure that the official designation of the tournament does contain the word "men's." So far as I know, it always has been called the "national singles championship," although the "women's championship" is plainly designated.

It would be a grand thing to see Miss Wills play, if the boys were to the net on her, she might not get far. But if they'd pass a special rule that the men had to play a luck-out game, I doubt whether there are over a dozen males playing tennis who could be sure of winning from the Davis cup team. As a woman player, she stands alone.

Coveleskie Gets Yankee Release

New York, August 24.—(AP)—The signing of Tom Zachary, veteran southpaw, by the New York Yankees, cost another veteran right-hander, Stanley Coveleskie, 37-year-old right-hander, who was released by the Yankees.

Zachary came to the Yankees yesterday by the way of the Boston Braves, who had signed him to a one-year contract. Coveleskie, who was released by the Yankees, was a veteran who had played for the Washington Senators this year but Hughes believes he is the man needed to carry the Yankees down the home stretch in the present pennant drive.

Intend to use Zachary as a starting pitcher, said Hughes. "He is a smart, clever southpaw who has had plenty of experience and is in excellent condition. He is not through by any means. He is only 31 years old and I expect him to deliver for the Yankees not only this year but next. He may just be the pitcher needed by my ball club at this stage of the season."

Coveleskie was purchased as a free agent by the Yankees this spring after Washington had released him when he developed a sore arm. He never has been able to recover his best form.

Florida-Georgia Series Planned

Tallahassee, Fla., August 24.—(AP) Arrangements for a post season series between the Florida and Georgia baseball league title and Tallahassee, victor in the North Florida league, were under way today.

The Florida league won the North Florida pennant yesterday by beating Perry 9 to 3, while Monticello was beaten by Madison, 5 to 2, in the final game of the season.

ROCKET CAR MAY BE RUN AT DAYTONA

Daytona Beach, Fla., August 24.—(AP)—One of Fritz Opel's rocket cars may be at the speed classics to be held next February, it became known today with the announcement that Mayor Eddie Armstrong had been in communication with representatives of Opel in Germany.

The rocket cars, propelled by the lighting of a number of rockets instead of by the internal combustion engine, have been tested in Germany.

The running, if held on the long sand beach at Daytona, would be a new type of speed classic, which are an annual event at Daytona Beach. It is believed that the 1929 Opel rocket car will be the most powerful of the new type, allowing machines of any type to participate.

A reference between Daytona Beach city officials, representatives of the American Automobile association, and Opel, who supervised the classic, and representatives of the bureau of standards is to be held in Washington, at which it is expected that the restrictions on the speed trials will be reached.

No definite word has been received by Mayor Armstrong as to the possibility of a rocket car being entered.

During the swim she smoked cigarettes handed her from a boat which accompanied her. The third successful attempt this year—each by a woman.

Ga.-Ala. League

ANNISTON, ALA., August 24.—(AP) Kola Sharp's single in the eleventh inning won the game for the Anniston team over the Gadsden team, 5 to 4. The game was played at Anniston, Ala., and was the first of a series between the two teams.

Young Girl Swims English Channel

Dover, England, August 24.—(United News).—Miss Hilda "Landie" Sharp, blonde, Eton-cropped 18-year-old nursemaid of Loftham, landed here today at 3:53 p. m. after swimming the English Channel from Cape Gris Nez.

Known to her friends as "the girl who swam the English Channel," Miss Sharp's calves measure 16 inches, the same as Gene Tunney's, and the "human submarine," Miss Sharp covered the distance across the channel with a peculiar trudgeon stroke and a double scissors kick, giving her remarkable speed. She started at 12:30 a. m.

During the swim she smoked cigarettes handed her from a boat which accompanied her. The third successful attempt this year—each by a woman.

The German swimmer, Schiff, is following Miss Sharp across the channel, having started his swim from Gris Nez at 11:45 p. m. He was progressing slowly by 1 p. m.

Seeking To Set Endurance Mark, Youth Near Death. Tampa, Fla., August 24.—(AP)—Overcome by indigestion early today after swimming for 30 hours and two minutes in an effort to establish a world's endurance record, Robert Miller, 18-year-old high school lad, sank to the bottom of the lake, was rescued by attendants and at a late hour this morning was asleep at his home at Lake Thonotosassa, 15 miles north of Tampa.

Miller entered the water at 8:15 Wednesday night for the purpose of bettering the record of over 50 hours, said to be held by a German swimmer. At 2:15 this morning he disappeared from view of those watching him. Several persons plunged in immediately and brought him to the surface. He appeared to be unconscious and was taken to his home where a physician examined him. The doctor said he was exhausted, but otherwise appeared to be in good condition.

Mobile Gets Altan

Mobile, Ala., August 24.—(AP)—Purchase of "Lefty" Altan from the Nashville team was announced here today by officials of the Mobile Southern association club. Altan will work in the first game here Sunday against the Birmingham Barons. This gives the Bears five pitchers. The purchase price for Altan was not made public.

ANNISTON, ALA., August 24.—(AP) Kola Sharp's single in the eleventh inning won the game for the Anniston team over the Gadsden team, 5 to 4. The game was played at Anniston, Ala., and was the first of a series between the two teams.

New York, August 24, 1909.—An irregular opening was followed by advances in the New York market today with December contracts selling up from 18.55 to 18.88 on more unfavorable crochets from the south-west and comprehensions of lower terms in that section. The advance was checked by realizing which caused reactions in the late trading and December closed at 18.90. The market was again buoyed up by advances from 2 to 12 points, except for July, which was nominally points lower.

The opening was steady to an advance of 4 points to a decline of 1 point. The market was trading in net losses of 2 to 4 points during the first few minutes under renewal of the selling which was noted here yesterday afternoon. The market soon turned steady on covering or rebuying by recent sellers who appeared to be influenced by reports that cotton crop prospects showed marked deterioration over a good part of the area.

Later the buying seemed to be somewhat further stimulated by reports of lower temperatures in the south-west where there were continued reports of deterioration and increased insect damage other than in the south. For a time the market showed considerable firmness with prices advanc-

Demand then tapered off and the market later was comparatively quiet and irregular with last prices showing reactions of 15 to 20 points from the best under realizing or liquidation.

ed slightly more business in cotton
cloths for India and China.
New York, July 31. U. S. Ex-
port statistics 443,225. Exports total-
7,605, making 206,257 so far this
son.

**TRADING LISTLESS
AT NEW ORLEANS.**

New Orleans, August 24.—(U. S.)
Rather listless trading characterized
the cotton market today and although
prices tended towards higher level
enough realizing developed to hold
the market steady.

An advance of about \$1.50 a bale or
favorable crop summaries was follow-
ed by profit-taking which carried De-
cember contracts down from 18.46 to
18.25, not gain the spot cotton, which
was 18.40. The market closed 7
points higher for the day. The gener-
al market closed steady at net ad-

ed slightly more business in cotton
cloths for India and China.
New York, July 31. U. S. Ex-
port statistics 443,225. Exports total-
7,605, making 206,257 so far this
son.

An advance of about \$1.50 a bale or
favorable crop summaries was follow-
ed by profit-taking which carried De-
cember contracts down from 18.46 to
18.25, not gain the spot cotton, which
was 18.40, and the market closed 7
points higher for the day. The gener-
al market closed steady at net ad-

Although Liverpool market has been a little different, the market has opened steady at net gains of 8 to 1 points. The initial advance, however, was lost on the first day of trading, realizing which carried the price of rubber back to 1 point below yesterday's close. Near the end of the first hour, the market advanced 1 point on the report of a favorable crop accounts and fears of rain in the eastern belt, where moisture was considered favorable to weevil activity. On the 20th, the market advanced to 18.41 and December 18.46 or 2 points. The market advanced again to 31 points above the early low level and closed at 31.00. The market advanced and tapered off at these levels and prices (fluctuated aimlessly) within the early trading and gradually advanced to 31.00 on the 21st. On the 22nd, October trading to 18.20 and December 18.27. The futures closed at 31.00 at the prices of 31.00. The following are the prices of the futures:

Month	Price
Receiving 10,000 lbs.	31.00
for year 142,852, last year 305,591	31.00
Exports 2,905, for week 52,524, for 1923 52,524	31.00
Stock of 444,398, last year 992,498	31.00
Stock of 444,398, last year 992,498	31.00
Spot sales 24,335, last year 31,607	31.00

Dry Goods.

New York, August 24.—Users are coveting on small quantities of colored yarns for use in the cotton goods trade. The list includes chambray, denim and fancies and other goods. The demand for other quantities of wide cottons are coming in for larger quantities and print cloths are selling better in quantities which run to 200,000 yards. Quotations have held unchanged. Burlap and sack report, recent shipments at prices some up and others down, spots holding quiet and sale in Yokohama. This advance coupled with a seat price center rise in the cotton market has caused a demand for pound and more.

The Day in Finance

By

R. L. BARNUM

New York, August 24.—With the overnight weekly brokers' loan statement showing a decrease of \$22,000,000 when an increase of \$100,000,000 or more had been generally expected, sweeping gains were shown in leading shares at the opening of the stock market, with the turnover the first hour 1,023,000 shares, the first time the million-share mark has been witnessed for the first hour since the big bull market ended with the June decline of 25 points from the high for all time made in May. Only a very short time ago the daily turnover for the full five hours was not much over today's trading in the first hour. Pools were active with the public following already large and increasing.

Closing at 96 1/2 Chrysler opened at 100, a new high. New highs for all time were made by a long list of other leading shares. American Can closing at 105 7/8 opened at 109. These figures for Allied Chemical were 190 1/2 and 197, respectively. For Steel common 149 5/8 and 152; Radio 159 1/4 and 163; General Motors 187 1/8 and 190; Sears-Roebuck 144 1/2 and 147 7/8; Montgomery Ward 203 1/2 and 205; American Smelting 229 3/4 and 233.

Some Profit-Taking. There was some profit-taking in the first hour but when money opened at 7 per cent and dropped to 6 1/2 per cent on the outside market, with the banks calling no loans for the first time in a couple of weeks, the upward price movement was resumed. By noon Allied Chemical was at 198 3/4; American Smelting 240; Montgomery Ward 212; Sears-Roebuck 149 3/4. Wall street is confident that there will be no pressure on the money market until after the government announces its plans early in September for taking care of the \$1,000,000,000 maturing Liberty bonds.

Trade news today was favorable. Industrial employment at Detroit gained 7,504 the past week, the largest weekly gain since early in January. The figures are now 287,000 against 206,000 a year ago. Chicago reports another advance of 50 cents a ton in pig iron prices, with the Merchant Furnace there reporting the largest gains in orders in two years and with their output now practically sold for the remainder of 1928. Youngstown reports growing scarcity in scrap steel as a result of competitive buying from Detroit, Cleveland and Buffalo.

Offerings of new bonds this week foot up only \$10,000,000 against \$37,000,000 a week ago and \$120,000,000 a year ago. This is the second smallest week's offerings this year, the low being reached for the week of August 3 at \$6,000,000. The high for the year was \$263,000,000 for the week of March 3.

Securities Falling Off. For the first quarter of this year and well into the second quarter of

offerings of new securities were establishing a new high record. The marked slowing down in recent weeks is a factor in brokers' loans, explaining in part the decrease of the past two weeks with the stock market active on advancing prices, which should make for an increase in broker loans. Undoubtedly the slowing down in new bond offerings is enabling bond dealers to get unsold new offerings off their shelves.

The weekly increase of \$35,000,000 in redemptions of the federal reserve system was ignored by the stock market. The reserve ratio of the system as a whole is now 69.6 against 69.7 a week ago and 78.5 a year ago. Boston, New York, Cleveland, Chicago and San Francisco reserve banks have a reserve ratio in the 70's. On the other hand the Atlanta Bank is down to 54.6, Richmond 53.9, Dallas 47.6, St. Louis 46.6. The legal requirement for reserve banks is about 37.5.

An analysis of the investments made at the close of 1927 by 23 life insurance companies shows for the first time more public utility bonds than government and municipals. For public utilities the figures are of \$1,197,000,000 or 23 per cent of the total of \$5,212,000,000. For 1921 the figures were only 77 per cent of the total.

LAST RITES TODAY OF MRS. NORTHMAN IN SHREVEPORT, LA.

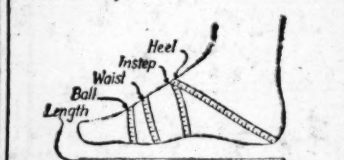

Funeral services for Mrs. Olivia Allen Northman, who died at her home, 55 Lafayette drive, late Thursday afternoon, will be held today in Shreveport, La., where the body has been taken. Mrs. Northman's death came after an illness of seven weeks. Although a resident of Atlanta for only a short time Mrs. Northman had a large circle of friends and acquaintances. She was perhaps best known for her accomplishment in the musical world. Many of her compositions have been published and during her residence in Atlanta she served as organist and choir director at the First Christian church. Her death comes as a distinct loss to the musical and social circles of Atlanta.

Mrs. Northman is survived by her husband, Alfred Northman, of Atlanta; her mother, Mrs. Frances O. Allen, and a brother, L. C. Allen, both of whom now live in Shreveport.

MRS. R. N. ETHERIDGE LAID TO FINAL REST

Jackson, Ga., August 24.—Funeral services for Mrs. R. N. Etheridge, one of the most prominent and widely beloved women of this section, who died at a private sanitarium in Atlanta Wednesday, were held at the home on Third street Thursday afternoon. The services, attended by a large number of relatives and friends, were conducted by Dr. Robert Vandeventer, of Savannah, and Rev. W. S. Adams, of Madison, former pastor of the First Baptist church, assisted by Rev. Augustus Ernest, of the Jackson Methodist church. Deacons of the First Baptist church were active and honorary pallbearers. Interment was in the family lot in the Jackson city cemetery.

Mrs. Etheridge, who was 51 years of age, was Miss Mabel Hodges before her marriage. She was educated at the Georgia State Woman's college at Milledgeville and had taught in the public schools of Jackson, Forsyth and other Georgia cities. She had been a resident of Jackson for several years and was active in church and religious affairs, being a member of the First Baptist church and superintendent of the Junior department of the Sunday school, secretary of the Woman's Missionary society and district secretary of the women's organizations of the Kimball association. She was also secretary of the Jackson Woman's club and of the Larkin Watson chapter, Daughters of the Confederacy, for several years.

She is survived by her husband, R. N. Etheridge, a well known Jackson business man; her mother, Mrs. Mary Taylor Hodges; a sister, Mrs. H. D. Moore, of Lakeland, Fla.; a brother, William Hodges, of New York city, and two nieces, Misses Mary Claire and Barbara Moore, of Lakeland, Fla.

During the hour of the funeral all business houses closed as a mark of respect.

MRS. TOM HARRELL PASSES AT QUITMAN

Quitman, Ga., August 24.—Mrs. S. Tom Harrell died suddenly at her home, five miles east of Quitman, this afternoon after only one day's illness. She is survived by one son, Kolb Harrell, of Savannah, and the following daughters: Mrs. L. L. Sellers, Miss Janie and Julia Harrell, of Quitman, and Mrs. William Butler, of Tampa. Funeral arrangements have not been completed.

Housewives!

Here's the answer to your problem of selecting the right foods for the week-end:

TEXAS WILL VOTE ON SENATOR TODAY

Austin, Texas, August 24.—(AP)—Major interest in tomorrow's second democratic primary was centered in the spirited fight between Earle B. Mayfield, junior United States senator from Texas, candidate for election to succeed the late J. P. Glore of Atlanta, and a brother, W. H. Mayfield, a Congressman from Texas.

Outside of the senatorial race Texas democratic primary was held at a private hospital, where he died Thursday afternoon. He was 41, who died Thursday afternoon at his residence, 605 McDonald street, in Dallas. He was a native of Texas and had been a resident of Dallas for many years. He was a member of the Texas Bar and had been a practicing lawyer for many years. He was also a member of the Texas Bar and had been a practicing lawyer for many years.

Since Connolly won his way into the final with Mayfield the two have conducted vigorous campaigns throughout the state. Connolly injected fire into the campaign by accusing Mayfield of being a candidate of the utilities interests. He challenged Mayfield to a series of joint debates which challenge Mayfield declined.

MRS. ADA BRASLETON SUCCEUMS AT ROME

Rome, Ga., August 24.—Mrs. Ada Boyd Brasleton, 63, died Wednesday night at her home on Third avenue. Mrs. Brasleton had been moribund for several days. She was a native of the afternoon and though she was known to have been in poor health, her death was unexpected.

She was the eldest daughter of the late Dr. and Mrs. W. H. Boyd and in 1884 was married to Dr. B. F. Brasleton. They lived in Gainesville for a time after their marriage and later went to Texas to reside. About ten years ago Mrs. Brasleton and her children returned to Rome to reside. She is survived by a daughter, Miss Ethlyn Brasleton, and a son, Boyd B. Brasleton. Another daughter, Mrs. Lily Brasleton, preceded her in death. Two sisters, Miss Alice Boyd and Mrs. Julia Morgan, also survive.

Funeral services were held from the residence Friday morning, conducted by the Rev. H. F. Joyner, pastor of Maple Street Baptist church. Interment was in Myrtle Hill cemetery.

Change Cars!

Chattanooga, August 24.—Miss Virginia Elizabeth Karr is to change the spelling of her name a bit, but will retain the sound of it in the least. She is to marry Sabin W. Carr, Yale's pole vaulter, Olympic champion.

MISS ANNIE WEHUNT PASSES AT COMMERCE

Commerce, Ga., August 24.—(Special.)—Miss Annie Mae Wehunt, daughter of Mr. and Mrs. William Wehunt, of Banks county, Georgia, died Friday from injuries received in an automobile accident which occurred August 13.

Three of Miss Wehunt's ribs were broken in this accident, her spinal cord was severed, and several vertebrae were fractured, thereby inevitably producing death.

The sympathies of a large circle of devoted friends as well as of the public generally are extended to the bereaved family on account of Miss Annie Mae's untimely death.

Mortuary

A. H. DAVIS.
